

# Welcome Carpet Not Out For Minnie Pearl?

The Conditional Use Permit for Minnie Pearl's Chicken-Beef restaurants was taken under study by the city council at its meeting Monday night. The vote to do the study was 4 to 1 with Mayor George Gibson casting the dissenting vote.

He said it was not in the interest of the area to put in two restaurants when the one already there created traffic problems.

In the public hearing on the permit, a petition against the proposed restaurants and signed by 29 families in the area, was presented to the council by Charles Althouse of the law firm, Althouse, McDaniel and Beloud with offices west of the planned restaurants.

His partner, Jim McDaniel, representing Mrs. Anna Laponis, owner of the professional building west of the proposed restaurant, told the council there were already traffic problems created by the drive-in restaurant there and he listed the number of traffic approaches which he termed "inadequate."

He also showed the council pictures of the restaurants and termed their designs "garish."

## GARBAGE CANS

C. Richard Mitchell, a resident of 905 Second avenue, spoke against the proposal and said his lawn and auto had become virtually "garbage cans" because of the discarded hamburger wrap-

pers and drink cartons thrown there by passers by.

He also told the council that when the drive-in restaurant located there already washed down its driveway, the debris floated down Second ave. causing problems.

Speaking for the proposed restaurants was Charles Millhiser, owner of property east of the professional building.

Joe Kamasky, owner of the property that one of the proposed restaurants is to go on also spoke for the proposal: "I think it is making total use of the property and with our stringent sign law and architectural commission, we can control the design."

"That land has been C-4 (Com-

mercial) for many years and the property will have to be developed sometime," Kamasky said.

Councilman James Christensen, said even if it was C-4, (Commercial) other uses than a restaurant might be put in there. However, a CUP did set forth certain conditions that had to be met.

## HORRIBLE SIGN

"I do think that the Minnie Pearl sign is one of the most horrible I have ever seen," he added.

Mayor George Gibson, pondered the traffic problem; he said that factor alone would be enough to stop it. As to the buildings he

said he had no indication that the Minnie Pearl operation was willing to change their type of building.

Councilman Max Hawkins, said if the zone is set at C-4, then the owners have a right to use it as such. The CUP sets down the conditions, he said.

Councilman Ronald Rossitter, said since the area was C-4, he assumed the homeowners were aware of this and while some commercial would go in they should be protected as much as possible.

## THREE IN ROW

"I don't know we can tell people how to use their property I think it is bad planning to put three

restaurants in a row," he said. The study will include the water run-off from washing down the drive-in parking lot and surrounding areas, the noise problem, the traffic problem and the lighting problem.

In other business the council: -Postponed a zone appeal by Arthur Lawrence who is asking for a service station on the corner of Euclid ave. and 8th st.

-Approved a zone change for 10 acres on Foothill blvd. and Mountain ave. where a proposed apartment housing complex is to be located.

-Approved committee reports, city attorney items and city manager items.

## Sign Committee Evaluates Tour

The bus tour taken by the Sign Review Committee was evaluated at its meeting held Thursday in the council chambers.

After seeing non-conforming and conforming signs, it was the consensus of opinion that nearly all of the signs in the city fail to conform for one reason or another.

A discussion was held on the whys of non-conformance such as roof lines, confusion over technicalities. Councilman Ronald Rossitter, chairman of the committee, permitted all to express opinions.

It was generally agreed that sign ordinances of other cities such as Palm Springs, Montclair, etc. have no bearing on what Upland wants or needs.

Tom Harris of the Architectural Commission said, "It should be decided what quality of sign we want in Upland, and there should be some flexibility."

Robert Cameron of the Planning Commission said he didn't want to see the sign ordinance "undermined."

Pete DeRosa, a businessman, said he did not see any signs that were too big when he was on the bus tour. "I thought the

signs, no matter what size, were in good taste."

Mrs. Audrey Perri, citizen, said, "Too many signs work against business and cited the east end of Foothill blvd. as an example."

Other factors brought out were: --Size didn't necessarily mean a sign was not attractive.

--A sign ordinance should be simple.

--A sign ordinance might depend on the floor space of the business concerned.

--Signs cost a lot of money and changing them after the original investment is costly.

--Nationally advertised franchisers pay for the use of a sign and deserve consideration.

--The city has several business areas with different needs downtown, Euclid and Mountain avenues, Foothill boulevard and the freeway area.

--Old businesses which remodel should not be treated as new businesses and have to undergo changing of signs.

The next meeting is a public conference to be held at the Uplander Motor Hotel in the Miramonte Room, Tuesday, May 27, at 7 p.m.

## Public Meeting On Signs Set

The public is invited to attend a public conference on signs in Upland to be held Tuesday, May 27, at 7 p.m., in the Miramonte Room of the Uplander Motor Hotel, Foothill and Euclid.

At that time an informal discussion will be held under the chairmanship of Tony Malone and Ted Lyman, who were appointed by Councilman Ronald Rossitter, head of the Sign Review Committee.

## CUP Sought By Rossitter

Councilman Ronald Rossitter is seeking a Conditional Use Permit to establish a Mobile Home Park in an R-3 (Multiple Family Residential zone) and an A-2 (Agricultural Poultry and Rabbit District Zone) on 14 acres at the southeast corner of Benson avenue and Arrow highway.

His CUP is one of seven hearings to be heard by the Planning Commission at its meeting on Thursday, May 22, at 7:30 p.m., in the Council Chambers at City Hall, 177 "D" street.

## P & R Group Meets Monday

The Parks and Recreation committee will hold its meeting Monday, May 26, at Foothill Knolls school, 1245 Veterans crt. This will be a general meeting according to Councilman Ronald Rossitter, chairman and he encourages any resident who would like to talk about parks or recreation in the area to attend the meeting.

SPAGHETTI INSTRUCTIONS -- Upland Foothill Kiwanis club members get instructions in the fine art of spaghetti making in preparation for the club's annual spaghetti feed to be held Sunday, May 24, at Olive Tree restaurant, from 11 a.m. to 7 p.m. Max Johnson, chairman (r) gives advice to (front row) Jim Stites and Dr. Francis Aglio and (back row) Don Frankson, Alex Tobin, Pete DeRosa and Bill Trueblood. Tickets are a 75 cent donation for all you can eat. Get them from members or at the door.

## Board Votes Boundary Change

A boundary change in the Upland City school district was made by the trustees at the meeting Tuesday night.

Vern Orum, superintendent, told the board that in some areas the enrollment was up and in other areas down, creating an imbalance.

In the Foothill Knolls area where there is only kindergarten through fifth grade provided,

the sixth grade students have been going to Upland elementary school, as have the children from Los Olivos.

In order to avoid double sessions and maintain a better class size, he asked the 71 fifth graders at Foothill Knolls school be bused to Cabrillo school and the Los Olivos students to go to Sierra Vista school.

In other business the board

--approved a re-roofing job at Upland elementary school be put to bid. Ernest Kirkland, assistant superintendent of business, said this is the first time in 22 years the school has put something out to bid.

--approved the advertising of sealed bids to lease a 10-acre site on 22nd street to a responsible bidder. The bidding is open to the public.

## 'Pinky' Turns Red

A letter of apology to the businessmen in the area was sent out by Elwin (Pinky) Alder, city manager, last week.

His letter stems from an earlier one sent out to the businessmen telling them their signs do not conform or were illegal.

The original letter was sent out under the name of Earl Shaffer, chief building inspector. It is rumored that Shaffer has been sent to another dept. and will be replaced.

Elwin Alder, city manager, said in a telephone interview that Earl Shaffer was not removed from the building department as previously rumored.

"He has been acting as head of the department pending the city hiring a Chief Building Inspector, the decision to hire one was made in January and we were waiting for the budget to be approved to go ahead with the plans."

"Shaffer has done an able job and the letter incident was not in any way connected with his status nor his work record. He is still acting head until a chief inspector is hired," Alder said.

Alder's letter said in part,

"Shortly after the 20th of March. I believe you received a letter concerning one or more signs at your place of business. It may have been perplexing and distressing to you to receive such a letter without any advance notice or useful understanding of the sign requirements. You can be sure my face was red when I learned this had happened! Neither the letter nor its contents had been cleared through this office. It was embarrassing to others as well, especially the Mayor and Councilmen. We are sorry and regret that this was handled in this manner."

"The present Upland Code requirements for all signs within the City were developed in 1966 and became effective in early 1967. A committee, made up of a capable cross section of towns people, proposed the sign standards in 1966. Good representation from the Chamber of Commerce was on this sign committee. It was the sincere feeling of the City Council that the adopted standards would be acceptable to the community. Recent response of the business community to the current sign requirements convinced the Council that the standards should be carefully reviewed at this time."

He then mentioned the sign Review Committee and listed its members, saying the meetings were open to the public. He closed his letter with the following:

"Until the City Council receives recommendations from the sign committee, all existing signs can remain in their present state. During the short study interim, all applications for new signs must conform to present requirements."

"Your suggestions and constructive cooperation concerning this current matter will be appreciated and welcomed."

## Commentary

### We Have Hope

So far the sign review committee has shown it is a representative group of various sectors of the city. Councilman Ronald Ros-sitter who heads the committee does an able job of permitting all sides to be heard.

However, it does seem too bad that a situation in a city has to reach a boiling point to get an all sides hearing. No one on the sign committee has said anything that shouldn't be heard. With representatives from the city and the planning and architectural commissions along with citizens, a healthy exchange of "I thought you said" gets put into proper proportion. Everyone on the committee has voiced the opinion that they want to keep Upland beautiful.

The differences are minor and fall into the categories of having or not having a sign which can be seen from the freeways or highways.

This means that an ordinance will have to contain provisions for business which has unique traffic conditions. A business downtown in the 5 MPH zone, has one need where as a business along busy Foothill Blvd., has another and the business along the freeway still another.

The committee in deciding to dispense with the formal hearing and adjourn to an informal hearing is also commendable. The tenor of the review is encouraging to all sides and an attempt to thrash it out at this time with an open mind is what we need more of rather than the rumor route.

### More Postage Same Service

The Nixon Administration's plan to raise the price of letter mail a penny, to 7 cents, is another example of paying more for the same old service. The plan proposes to continue the separate 10-cent airmail rate.

By contrast, the Johnson Administration had been planning a single class of letter mail, at 7 cents, to be dispatched by air, highway or rail--whatever was best in each case. That made good sense.

The reason for letting the postal customer down again is money. The 16 percent increase in the first-class rate would bring nearly \$400 million new revenue. Eliminating the extra charge of airmail would have offset \$72 million of it.

Postmaster-General Winton Blount has not yet given his recommendations for second-class (publications), third-class (mostly advertising) and fourth-class (parcel post), but he says increases will be proposed. The Post Office reports that air mail and letters pay their own way ("profits" of \$58 million and \$35 million respectively in 1967) while the other classes lose money. Users of second and third-class claim, with some justification, that they do a lot of the handling and sorting which the Post Office ought to do, so their rates are not too low.

Neither Congress nor the public has shown much enthusiasm for putting the Post Office on a self-sustaining basis by ending subsidies and charging what the service costs, so there is no point trying to break even by raising rates.

But if there are to be postal deficits, they probably should be held to a fairly constant proportion of postal expenses until Congress is ready to overhaul the system completely. Therefore, it would be unrealistic to expect postal rates to hold the line when most other prices are soaring.

Still, we are disappointed to see the promising concept of one-class letter mail abandoned for the sake of \$72 million--which is going to be paid by the public, anyhow, either in stamps or taxes.

Postage was bound to go up to 7 cents someday, but it would have been nice to have the blow softened by a guarantee that the 7 cents would take our letters by the fastest, most efficient means. Frequently this is done for 6 cents now (much first-class mail goes by air), but you can't be sure, so you gamble a dime for an airmail stamp that half the time isn't necessary.

### FIGHTIN' WORDS

Assemblyman John V. Briggs (R-35th) who co-authored a resolution along with Sen. James Whetmore (R-35th) to designate Star Route 57 as the "Orange Freeway" announced last week that the Department of Public Works will now erect appropriate signs to designate the route as the Orange Freeway.

This announcement won't gladden a single heart in the Walnut-Diamond Bar area, as they fought to have it called "Diamond Bar Freeway."

Our sympathies are definitely with Diamond Bar, Walnut and Rowland Heights. Diamond Bar is a significant Western term--Orange is blah.

The feeling is so strong that the Walnut Valley residents may boycott the new Freeway and travel down 395 to avoid Orange on their southern trips.

### STILL GROWING

California's widening lead over New York as the nation's largest state in population continues even though rate of growth has slowed a bit during recent year. Out 25.9 per cent gain over the official 1960 census figures tops that of any other state, reaching an average annual figure of nearly half a million people.

As in the rest of the nation, California growth centers in its metropolitan area. Seven such areas in this state rank among the 30 highest in the country. In them, population increase has been one and half times as great as that in non-metropolitan areas.

According to the State Department of Finance's population estimates, Los Angeles County remains, not surprisingly, the focal point of the state's growth.

It has jumped more than a million above the 1960 census figures and at mid-year 1968, with 7,101,400 was second only to greater New York. The County alone has accounted for more than one-fourth of California's population increase in the decade of the 60's.

Second in rank, the San Francisco Bay Area--reached 3,130,500, a gain of 481,700.

Orange County topped all California metro areas in the rate of growth in this decade, with an 87.2 per cent gain. Its mid-1969 total of 1,317,800 residents puts it third in the state, about 20,000 over fourth-place San Diego County.

### FIB A LITTLE

There is considerable controversy over the personal questions which will be asked of you in the official 1970 census, such as how many bath tubs you have, do you ogle blondes, etc.

Many people, rightfully so, feel that their personal life is being invaded.

Yet, if you don't answer the questions you can be fined, jailed or both.

But there's nothing in the law which can punish you for telling a "little white lie" when giving your answers.

### Inflation Hurts

It is one thing for the experts, the economists and the politicians--as well as a lot of businessmen--to discuss in a rather detached manner how much inflation is tolerable. In reality, what is being discussed is how much the purchasing power of the dollar can be reduced each year without upsetting the applecart. As far as those living in the most productive time of their lives, a drop of a few percentage points in the value of money can be absorbed or made up in higher earnings. But for a growing body of citizens, an annual decline in the value of money can be a one-way street to destitution.

There is no escape for those who live on fixed incomes--retired persons and others, who for one reason or another, must make do with a fixed number of dollars. These people are in the minority. But, they are U.S. citizens, and they deserve the same consideration as those for whom so much effort is being put forth in the name of equal rights and equal opportunities. The dollars they hold are government promises that can be exchanged for necessities. Inflation, regardless of its rate, is a repudiation of those promises.

### Quimby Hits Reagan Idea To Put Tax On Magazines

SACRAMENTO - The growing threat of proposals to stifle California's free press is being dramatically demonstrated in Governor Ronald Reagan's plan to tax magazines, Assemblyman John Quimby (D-Rialto) declared today.

Quimby noted that the California Newspaper Publishers Association is questioning the governor's tax reform program which includes a levy on magazines. The issue was made at a meeting this week of the Revenue and Taxation Committee which is considering the governor's program.

"Many of our metropolitan newspapers include within their publications a separate weekly supplement which can be construed as a separate magazine under the governor's proposal," Quimby said.

"Yet the magazine is an integral part of the newspaper and is included in its sale price," he said, "therefore the price of the paper could be taxed at the proposed five per cent rate."

Quimby said this was a dangerous precedent to establish in view of the numerous attempts to subject the press to increased controls.

"All we need are more controls on a free press and many of our papers will be forced to subject themselves to the whims of those who have the power to influence legislation whether by vote or by lobby activities."

Quimby said there was confusion within the newspaper industry as to what the proposed tax does.

"If it taxes all magazines whether part of a newspaper or not then I am strongly opposed to the plan," Quimby said. "If it pertains to just those publications which are sold separately on the newsstand, then the measure may have some merit and should be studied by the Legislature."

Quimby said, "that feature of the governor's tax reform program should be clarified so that those who still want the press to have a measure of freedom can understand just what the governor is proposing."

Quimby said also, that the proposal may have some problems in view of the fact that millions of California residents subscribe to magazines which are published out of state and a tax levy would involve a complex and costly system of collecting a sales tax from publishers who are not in California.

Mrs. Robert Moore was installed as president of Epsilon Beta Chapter, Beta Sigma Phi, May 7 at the home of Mrs. Richard Parker, Upland.

Other invested officers are the Mmes. Paul Mahoney, vice president; Richard Williams, recording secretary; Ray Walker, corresponding secretary; Roger Skinner, treasurer; James Stewart, foothill area council representative; Peter Terzo, alternate PAC representative; and Joe Combee, civil defense.

Mrs. Richard Parry was in charge of the program for the evening, which featured Mr. Donald McComb, classical guitarist of Upland.

Five pledges of the chapter took their Ritual of Jewel rites at a recent Founders Day Dinner held at Orlando in Pomona. They were the Mmes. Murray Schultz, Roger Skinner, Richard Williams, Jack Wilson, and Harvey Wood.

## Pulse of the Plaid

Andy Wilson

The UHS faculty was honored last night at the annual Faculty Appreciation Dinner, sponsored by Student Council. A buffet dinner was served and afterwards awards presented to outstanding members of the UHS staff. The awards were for the best club advisor, best non-club advisor, best classified and best certified.

"Gone With The Wind", the Junior-Senior Prom is Saturday. It will be the final dance of the year, excepting the Hielan Signing Party. It will run from 8:30 p.m. to 11:30 p.m. in the Chaffey College Cafeteria.

Seniors have only a little time left: 1,814,400 seconds to be exact until commencement begins at 7 p.m. on June 12 at Highlander stadium. Finals are on June 6 and 9. The Class of '69 is hangin' in there!

## Francis Avenue Singers Sponsor Rummage Sale

The Francis Avenue Singers are sponsoring a rummage sale May 23 and 24 from 9 a.m. to 7 p.m. near Thrifty Drug Store on East Foothill Blvd.

Proceeds from the sale will go to the Rogers Memorial Pavilion Fund towards building a music pavilion in Upland Memorial Park in honor of the group's founding director, Garland Rogers.

Rogers was killed two years ago when the Fontana High school driver-training car in which he was teaching was involved in an

accident. Directing the group now is Gordon Berger, director of choral music at Chaffey College. Elinor Wilding is the accompanist.

Comprising the singers and also forming the Garland Rogers Memorial Pavilion Association are Kenneth and Audrey Holme, Charles and Bunney Rowland, Burt and Jean Harris, Barbara Munz, Dolores Houghland, and Charles Burns, Alice Rogers, Claire Berger and Donna McLaughlin.

**MINIATURE FIREMAN** -- Mario Maury, second grader at Sycamore elementary school, tries on a fireman's gear as part of a class visitation to the fire station. Helping him is Fire Captain John Lombardo. Looking on are classmates, Yvonne Blancaflor and Jimmy Cheney.

## Teen News

All Upland teenagers between the ages of 13-19 are invited to join the new teen center and enjoy the many activities including the Friday night junior high night and Saturday night dances with live bands.

Membership may be obtained by showing either an old teen card or valid Association Student Body card and paying \$1 which will be good until January 1970.

The center located at 159 E. "D" St. (the old fire station) is open Monday through Thursday from 7 to 9 p.m., Friday, 7 to 10 p.m. and Saturday, 2 to 4 p.m. and 8 to 11 p.m.

## Bakeless Sale Buys Scholarships

The Alta Loma High school PTA bakeless sale proceeds will go to purchase three scholarships for seniors. Each will be in the amount of \$50. It was previously reported they were \$200 scholarships.

**SOME ATTRACTIVE RUMMAGE** -- Mrs. Audrey Holme, left, examines an evening gown held by Mrs. Donna McLaughlin. It is only one of the items, as are the boots on the table, to be sold at the Francis Avenue Singers' rummage sale May 23 and 24 near Thrifty drug store on Foothill boulevard, Upland. The model on the table is of the proposed Rogers Memorial Pavilion to be constructed in Upland Memorial park. All money received from the sale will go into a fund for the pavilion.

## Hosts School Assoc.

Upland will host the Spring Dinner Meeting of the San Bernardino School Boards Association at Pioneer Junior High School.

The event will be held Thursday, May 22, at 6:30 p.m. The featured speaker of the evening will be Chief Deputy Attorney General of California, Charles O'Brien. The Dixieland group of the Pioneer Junior High School will present several musical numbers.

## Upland HS Seniors Honored At Dinner

Edward Walton and David Ring, seniors at Upland High school, were presented monetary awards in two divisions of Bank of America's achievement Awards. Walton, won his for liberal arts and Ring for science and math. They were guests of honor at a dinner in Los Angeles last week where all of the winning students were honored.

IT'S ONLY TWO DOLLARS, CHIEF -- Mrs. Andrew Wood, left, is assisting Mrs. Allen Degner, right, to persuade Cucamonga Fire Chief A. E. Lewis to buy a ticket for the Firemen's Ball to be held May 24. Mrs. Wood is president of C-AL Flames, an organization of firemen's wives, and Mrs. Degner is ticket chairman for the event. Proceeds from the dance, which is open to the public, will be used to assist families who have lost their homes through fire.

## C-AL Flames Annual Firemen's Ball May 24

The Fourth Annual Firemen's Ball is planned for Saturday, May 24 by the C-AL Flames.

The annual festivity will be held at Sweeten Hall, 9324 San Bernardino Rd., Cucamonga with the Town Talk Trio providing rhythm for the dancing from 9 p.m. to 1 a.m.

Twenty-six prizes will be awarded during the evening. All have been donated by Cucamonga area merchants.

Proceeds from the dance will be used to send an under-privileged child to camp this summer; supply coffee and donuts for firemen working on a long fire; help for families burned-out of their homes and help with baskets for needy families at Christmas.

The public is urged to attend the gala. Tickets will be on sale at the door or may be obtained, at \$2 per person, at the Cucamonga Fire Hall, 9612 San Bernardino Road.

## Upland Job's Daughters To Install Miss Dunston

Miss Barbara Dunston will be installed as honored queen of Upland Bethel #287, International Order of Job's Daughters, in the 26th semi-public installation on May 24, 8 p.m. at the Upland Masonic Temple.

With yellow and moss green as her colors and "Treasures of Friendship" her theme, Miss Dunston daughter of Mr. and Mrs. Harry Dunston, 611 Azure Court, Upland will be crowned the queen for the new term. A Senior at Upland high, Miss Dunston is also a member of Christ Episcopal Church, Ontario.

At the guest book will be Miss Kathy Seiple and narrator will be Miss Joan Littleton. Both are Bethel members. Candlelighters are Misses Rosemary Seubertling and Jan Runyan. Entertainment will be provided by Mrs. Terry Green and Miss Martha Johnson.

Other elected officers to be installed are the Misses Dodie Bryant, senior princess; Linda Jackson, junior princess; Helen Cobbold, guide and Linda Yukach marshal. Appointed officers are Misses Debra Mealhow, outer guard; Nancy Bolduan, inner guard; Jane Ann Jomeruck, junior custodian; Mari Cowelson, senior custodian; Patrice Fletcher, recorder; Jane Johnson, treasurer; Debbie Bryant, chaplain; Ruth Ann Eckrote, musician; Martha Johnson, librarian; Kathleen Smith, first messenger; Leslie Northrop, second messenger; Betty LaDonne, third messenger; Sheryl Mealhow, fourth messenger and Ruth LaDonne, fifth messenger. Assistant recorder will be Mary Buchert and flag bearer Linda Fleetwood.

Installing officers will be Miss

Barbara Whalley, retiring honored queen. Assisting her will be Miss Lynne Curry, Miss Ellen Gadegaard, Mrs. Terry Coletti Green, Mrs. Ruth Wayne Lunsford and Mrs. Margene Attebury Holland all past honored queens of #287. Also assisting will be Miss Denise Ball past honored queen of #114 Ontario and Miss Suzanne Bradley, past worthy matron of the Upland Order of Eastern Star. The master of ceremonies will be Thomas Hill, past associate guardian of #112 Gardena. Soloist will be Don Beeson of Ontario.

Mrs. Norma Faucher is the guardian and Rudy Coletti, associate guardian of the Upland Bethel. Refreshments and a dance will follow the installation ceremony.

Barbara Dunston

NEW PRESIDENT -- Mrs. Leslie Adkins, incoming president of the Alta Loma - Cucamonga Woman's club, is presented with the gavel by Mrs. Harold Snethen, right, outgoing president, as (center) Mrs. Henry Lucas, installing officer looks on. The new president was installed at a recent luncheon meeting.

## Cucamonga Women Install Officers; Give Grant

Installation of officers was the highlight of the recent Cucamonga-Alta Loma Woman's club meeting as the club began its 51st year.

Mrs. Henry Lucas conducted the installation, presenting each incoming officer with a flower, and as the officers were installed, placing them in a gold vase, making a beautiful floral bouquet.

Officers for 1969 are the Mmes. Lester Adkins, president; Herbert Minor, first vice president; T. E. Walker, second vice president; Edwin Murray, third vice president; A. E. Lewis, recording secretary; Michael O'Flaherty, treasurer; Leo Cherbak, corresponding secretary; M. R. Bush, auditor; Arthur Allen, parliamentarian; Niven McConnell, press chairman; and Marvin Wangler, junior coordinator.

Luncheon was prepared and served by the club with the assistance of the Mmes. George Pagliuso, Edward Hamilton, Herb Vaughn, Robert Schmidt and Miss Clara Young.

The business meeting was conducted by Mrs. Harold Snethen, president. Reports telling of the club's many activities were read.

Mrs. Niven McConnell, membership chairman, reported 22 new members; Mrs. Leonard Gorczyca, San Antonio hospital gift shop chairman reported donation of 140 hours; Mrs. Victor Arias and her committee made 25 blankets for Santa Claus Inc.; Miss Clara Young, courtesy chairman, sent many cards and flowers to members; Mrs. Steve L. De Ambrogio, press chairman, reported over 1500 inches of publicity for the year.

The club voted to give \$50 to an Upland high school girl to further her education in science.

The winners of the Round Robin Card Section were announced by Mrs. T. E. Walker as the Mmes. Lester Adkins, Henry Van Dyke, William Scott, Herbert Minor, Arthur Edelman, George Pagliuso, Clark Delinger, T. E. Walker, Walter Lane, Bruce Gushue, and George Hanlon.

NEXT YEAR'S LEADERS -- The Foothill chapter of National Charity League held an installation luncheon recently at Griswold's Indian Hill restaurant in Claremont. Right, Mrs. Cecil Balsinger, regional director of National Charity League from San Bernardino, installed the new officers, which include, from left, Mrs. Hugo Melillo, corresponding secretary; Mrs. Don Wilder, third vice president; and Mrs. Herchel Glenn, recording secretary.

## Mrs. Edward Duffy Heads Charity League

Mrs. Edward J. Duffy, was installed president of Foothill Chapter, National Charity League Thursday at an installation luncheon at Griswold's Indian Hill Inn in Claremont.

Serving with Mrs. Duffy on the executive board for the 1969-70 term will be the Mmes. Lurwell H. Rencher, first vice-president; Reardon Dight, second vice-president; Don Wilder, third vice-president; Charles Magistro treasurer; Herschel R. Glenn, recording secretary; Hugo J. Melillo, corresponding secretary; Wilfred M. MacSweeney, historian; and Ralph Durso, parliamentarian.

Mrs. Robert H. Estabrook, was installed as president of the National Charity League Juniors.

Mrs. Floyd Plasman, an Advisory Board member, using a nautical theme and a quote from a recent talk given by Dr. Lorraine Chase "Like a ship, as you go through life, everything you do, everything you say, every thought you have, has an impact. What kind of a wake are you leaving?" presided over the installation rites.

Assisting her and presenting corsages to the officers was Mrs. Cecil Balsinger, N.C.L. regional director from San Bernardino.

The invocation was given by Mrs. Donald Shanklin with the Pledge of Allegiance being led by Mrs. Alan McPherson.

Mrs. Robertson extended a special welcome to the Mmes. John H. Hooval, Leo J. Lucas, and Miss Clara Lou Nisbet, Sponsors; Lynn W. Kloefer, immediate past president of Foothill Chapter and president of the National Board of N.C.L., and Mrs. Balsinger.

## Drama, Music In Final Upland Club Program

The last meeting of the year for the Upland Woman's Club will be on May 27 for a 9:30 a.m. brunch.

Reservations may be made with Mrs. Ralph Almquist at 987-2006 or Leo Cherbak, at 982-7100.

The Drama Section will be giving the program. An original composition will be presented by Mrs. Maud Graham. Mrs. Thomas Kincaid will play some piano jazz. Miss Mildred Briggs will make comments about the year. Mrs. Anthony Trilvesky is chairman of the section.

Installation of the new officers will take place at the brunch. Mrs. Henry Dysband will use for her theme "Circle of Love" using the Club symbol as the background.

New officers for 1969-70 are president, Mrs. Lewis Stokes; first vice-president, Mrs. Thomas Photos; second vice-president, Mrs. B.J. Helmick; recording secretary, Mrs. Edwin Dean; treasurer, Mrs. Ralph Bentley; financial secretary, Mrs. Boris Cherbak; auditor, Mrs. Wesley Cummings; parliamentarian, Mrs. Leigh Hunt; ways and means chairman, Mrs. Donald Jarvis; house chairman, Miss Florence Armstrong; rentals chairman, Mrs. Donald George; luncheon and tea coordinator, Mrs. C.G. Hennessy; publicity, Mrs. Earl Largent and junior co-ordinator, Mrs. Robert Barry.

Annual reports were given by committee chairmen, the Mmes. George H. Graue, secretary; Charles Magistro, treasurer; George K. Janesick, membership; Ralph Durso, coordinators; Lurwell H. Rencher, philanthropy; Gordon Ayers, correspondence; Kloefer, Chapter Day; and Mac Sweeney, publicity. Reporting for N.C.L. Juniors was Mrs. Frederick Prins.

Accepting a check for \$500 on behalf of the Foothill Chapter, National Charity League, Memorial Fund presented by Mrs. Robertson, was Mrs. Alan B. Swinler, Jr., scholarship chairman.

The president thanked Mrs. Duffy for luncheon arrangements and the Mmes. John Plasman and Andrew Barmakian for table decorations; Hugo Melillo social chairman for the Presentation Tea and Theda Smith Leiman for the Mother-Daughter Fashion Luncheon.

In recognition of her outstanding leadership for the past two years, a president's charm encrusted with pearls was presented to Mrs. Robertson by Mrs. Hooval.

Retiring president Mrs. Robertson, in a final salute to her Chapter, paid special tribute to her daughters and said she was proud and honored to be part of this outstanding organization, where Ticktocks grow to be socially mature and whose motto is "Learning by Doing". At the conclusion, Mrs. Robertson received a standing ovation.

Carrying out the theme the luncheon tables were centered with large blue ships laden with white daisies with yellow centers and greenery and flanked on either side by tiny blue and white sail boats.

President Mrs. Mark King and president-elect Mrs. Gilbert Ex-tale of the Upland Junior Woman's Club will be guests.

Salad prepared ahead of time will stay crisp when the dressing is first in the bowl. Fill the bottom of the bowl with tomato wedges and allow to marinate in the dressing. Then add leafy greens over the tomatoes which lift them above the dressing level.

Another salad suggestion comes from Mogen David Wine Corporation - your favorite mayonnaise dressing will be enhanced if you combine 1/2 cup Dry Concord wine with 1 cup mayonnaise; chill before serving.

## First Baptist, Ontario Observes 75th Anniversary

Dr. R. Eugene Crow will bring the message at the 11 a.m. Worship Service of the First Baptist Church of Ontario as they observe their 75th Anniversary.

The First Baptist Church of Ontario was founded in Sept. 1894 with 39 Charter Members. In October 1901, a frame building at Euclid ave. and E st. was dedicated. A new building at the same location was begun in 1914 and dedicated in January, 1915. An Education Building was added in 1954. The building at 5th st. and Euclid ave., where the congregation now worships, was dedicated Sept. 24, 1967.

The building program which culminated in the present building, was begun by Dr. Earl Riley who served the church from 1950 to 1964. Other pastors who are still living, include Dr. Earle Smith, 1921-1928; Dr. Merrill Jensen, 1942-1950; Dr. John Crouthamel, 1964-1967; Rev. Harden V. Rowland served as interim pastor in 1964 and 1967. In November of 1967, the congregation of 1220 members called the Rev. Emil J. Authelet to the pastorate.

The First Baptist Church is a member of the University Association, the Southern California Baptist Convention and the American Baptist Convention.

## Sycamore Villa

Hal Snethen and Lou Campbell attended the Pool Tournament at the Brookside Mobile Country Club on April 12 as Sycamore Villa's team. After playing for five hours against eight teams our team was tied with Brookside for first place. There was a play off with the first team to win two games to be declared the winner of the tournament. According to the players from Brookside, Hal made an impossible shot to win the trophy for Sycamore Villa. The ladies served sandwiches and coffee for 40¢ per plate. The Mobile Park which wins the trophy is the host for the tourney for the following month, so May 17, teams from approximately ten mobile parks will play here at the recreational hall at 10 a.m. There will be 50 people here from other parks on that day.

A special event recently was a success. The Sewing Club wishes to thank everyone for their cooperation in making the White Elephant Sale a huge success. The amount taken in was \$62.50. This is more than enough to buy the sewing machine the reason for the sale. The balance of the money will be used to buy supplies for the sewing club and to make articles for the sick and needy.

Attendance at the regular monthly Sewing Club was very good. The ladies are making cancer bibs and bandages and are starting on hospital gowns and lap robes this month. Thanks are given to the residents for their donations of sheets and shirts so that bandages can be made and other needed articles.

The ladies monthly luncheon was held recently and as usual was a very enjoyable day. There were 16 in attendance and all enjoyed the gathering and getting better acquainted with their neighbors. After a leisurely lunch, most of the ladies stayed to play cards and games.

Pot Luck chairman, Marie Foster reports that the regular Pot Luck at Sycamore was enjoyed by approximately 60 residents. Edith Noonan and Ethel Graham were co-hostesses. Lucy Morton was in charge of the Birthdays Table where the birthdays of Alma Engle, Lena Barrett, Helen Robertson, Dan Engle, Gloria Snethen, Mildred Smith, Beulah Halstead, Alice Smith and Loren Powers were celebrated. Jo Sodaro was in charge of table decorations. Burton Smith and Jim Walker set up the tables and De Pew lent his helping hand to the kitchen clean up.

The new chairman taking over for the next six months are: Jim Walker, treasurer; Annie Roe, secretary; Marie Foster, Pot Luck; Joan Blackburn ladies lunch; Jo Kaylor sewing; Alice Seymour, bulletin; Edith Noonan and Ethel Graham, hostesses; Mildred Smith, sunshine; Lucille Gipson, kitchen supplies; Margaret Her-

## NOTICE

A public conference will be held before the Special Sign Review Committee of the City of Upland in the Miramonte Room of the Uplander Motor Hotel at the Northwest corner of Euclid Avenue and Foothill Boulevard on Tuesday, May 27, 1969, at 7:00 p.m. concerning sign regulations.

All interested parties are invited to attend.

# For 2¢ we'll do the dishes.

Birthday parties are loads of fun. But cleaning up afterwards is no party, right? Loads of fun means loads of dishes.

Relax. For two cents we'll do the dishes. Two cents worth of electricity is all it takes to run a load through the dishwasher.

Then there's the carpet. For a

fraction of a cent, electricity will do the vacuuming.

Incidentally, it won't even cost you two cents to bake a birthday cake in your electric oven.

No matter how you use it, electricity does so much for so little.

In fact, electricity in Edison areas

costs the average family less today per kilowatt-hour than it did 10...20...even 30 years ago.

Practically everyone today is using much more electricity—more kilowatt-hours—than ever before, and it's still one of your biggest bargains.

Maybe that's why we get invited to so many parties.

## Alta Loma Man Killed Thursday On Freeway

An Alta Loma man was killed and another man seriously injured in a three car accident in the eastbound lanes of the San Bernardino Freeway west of Mills Avenue late Thursday night.

Richard Harney, 22, of 5555 Jasper st., was pronounced dead at 12:12 a.m. at Pomona Valley Community Hospital. The body was taken to Todd Memorial Chapel.

Zane Hockenberger, 36, of San Bernardino, was in fair condition this morning at Pomona Valley Community Hospital with injuries received in the accident. He suffered a fractured skull and cuts.

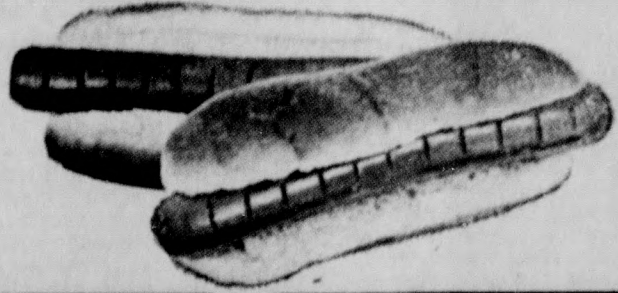

A third driver, Adrian Gentry, 56, of Riverside was uninjured. Highway patrol reports said that Gentry's car was apparently struck from the rear by a car driven by the Alta Loma man. Gentry's car then spun around and flipped over, officers said.

According to reports, the car driven by Hockenberger then struck Harney's automobile. Officers said there were no other witnesses and that the accident is still under investigation.

### BEER'S BEGINNING

The highly exacting science of producing beer today had its beginning 6,000 years ago in Mesopotamia. The earliest written evidence of the brewing process appears on a Mesopotamian clay tablet depicting two men stirring the contents of a brewery vat.

## POMONA FISH MARKET #2 and GALLEY

"If it swims we have it," is the motto of Pomona Fish Market #2. They carry a complete selection of raw fish as well as cooked fish and chips to go. Or if you prefer, you may order one of their scrumptious fish dinners from the Galley.

The Willis decided to open their second Fish Market in Montclair as a convenience to the many people from the area who patronized their Pomona store.

Part of the success of the Willis' operation is that they have developed their own Tartar sauce, their own bread, and their own chowder, as well as their own method of cooking fish.

Pomona Fish Market #2 is located at 10256 Central Ave., Montclair.

## Nurse Named Norton Airman Of The Month

A pretty girl is the best man at Norton Air Force Base this month. A 19-year-old WAF--who aspires to become a nurse--has been announced as Norton's Airman of the Month for May.

She is Airman First Class Barbara J. Short--of the installation's medical facility, the 1601st USAF Dispensary.

Airman Short serves in the minor surgery clinic, where she assists the attending doctor in much the same way an operating-room nurse aids in major surgery.

The feminine airman's other duties include the application of casts, suturing, administering of inoculations and handling related medical and administrative office-work.

Miss Short joined the Air Force in February, 1968. Following graduation from medical technician school at Sheppard AFB, Tex., she was assigned to the Norton dispensary.

This month's outstanding airman states her ultimate ambition is to become an operating-room nurse. She plans to take off-duty courses while in the Air Force to prepare herself for a nursing career.

After Barbara completes her Air Force commitment, she will pursue a Registered Nurse's license under the GI Bill. Because of her Air Force training, she hopes to serve as a practical nurse while undergoing this advanced training.

Airman Short, who lists as her hobbies dancing and swimming, is currently undertaking a data processing course at San Bernardino Valley College.

The comely airman grew up in Chambers-

burg, Penna., (her parents reside now in Waynesboro.) She graduated from Chambersburg Senior High School in 1967, and worked for a while as a food service worker at a geriatric center before joining the Air Force.

Competing with Barbara for May Airman of the Month honors were Airman First Class Francis Brommshenkel, 63d Air Base Group; Ralph T. Cartier, 63d Avionics Maintenance Sq.; Marsha A. Dewey, AAVS; Joseph S. Szkola Jr., 2869th GEEIA Sq. and Sherri L. Wright, 2193d Communications Sq.

## Chaffey College Sets Electronic Showing, May

ALTA LOMA -- Community visitors will have an opportunity to look at the latest in electronics at an open house at Chaffey College, May 27.

Hosting will be the electronics department in cooperation with the Chaffey Electronics Club at the hours of 2-4 p.m. and 7-9 p.m. The theme will be "Electronics Today."

Shown and demonstrated will be computers, radar, teletype, communications complexes and examples of the application of electronics in medicine and psychology.

Most of the equipment to be featured was built or assembled by Chaffey students.

Electronics Club advisor is John Frost.

Man-made fibers spend 15 times as much as cotton on promotion.

APACHE DANCER -- Guadalupe Rubio dances the ancient Apache rain dance in the current play at Padua Hills Theatre. The musical drama, "Fiesta a San Ysidro" with English dialogue, is rich with the music, dances, and customs of the farmers of Mexico. San Ysidro is their patron saint. The play can be seen at 8:30 p.m. Wednesdays through Saturdays through June 7. Matinees are presented at 2:30 p.m. on Wednesdays and Saturdays. Reservations are not always necessary but are recommended. Phone (714) 626-1288.

## OPARC Sets Dates For Pre-Registration

The Ontario-Pomona Association for Retarded Children will have pre-registration for its 1969-1970 Day School classes on Wednesday and Thursday, May 21 and 22. Hours of registration will be noon till 3 p.m. on the 21st and 9 a.m. till noon on the 22nd. The school is located in the OPARC Center, 9160 Monte Vista Ave., Montclair. Classes are provided for 2 1/2 to 18 year old children who are functioning below their chronological ages. For further information, please call 986-4369 or 626-5108.

## OIA Traffic In April Up 20% Over April, '68

ONTARIO -- A general uptrend in air travel continued to be reflected in a rising set of traffic figures for April 1969, reported by Robert M. Hamilton, Jr., manager of Ontario International Airport. Scheduled airline passenger traffic in April this year increased almost 20% over April 1968.

Passenger traffic for all types of airline operations in and out of Ontario International Airport increased 39.7% in April 1969, over the same

month a year ago with 53,019 passengers using the airport facilities as against 37,956 in April 1968. These latter figures included arrivals and departures of scheduled and non-scheduled flights as well as arrivals and departures of alternate operations during periods when Los Angeles International is closed by inclement weather.

The four month period, January through April 1969, shows a 50.3% increase over the first four

months of 1968: 213,272 passengers this year against 141,934 last year.

Although the number of operations by scheduled airlines shows on the airport's Volume of Air Traffic Report as 30% lower in April of this year than last year, the total number of operations including private and business aircraft, military aircraft and alternates is only 6.5%

lower. During April 1969, 1,882 scheduled airlines; 10,762 private or corpor-

ate aircraft; 1,279 military planes; and five planes directed by bad weather, arrived or departed at Ontario International Airport -- a total of 13,928.

Air freight and air express both showed a sizeable increase during April 1969, with freight up to 63,680 lbs. from 56,816 lbs. in April 1968, and air express total 4,822 lbs. up from last year's 2,828 lbs.

## Edison Helps Businesses Locate

More than \$150 million in new industrial and commercial plant facilities will be added to the Southland's business community as a result of Southern California Edison Company's area developments effort last year.

R. W. Bond, Edison Up-land manager, reported that 65 firms assisted by the electric utility's area development staff last

year made decisions to locate new or expanded plants within Edison's service territory.

"When the companies complete their moves, they will provide approximately 22,000 new jobs with an estimated annual payroll of \$156 million. New plant investment will total approximately \$153 million," Bond said.

During the past five years, more than 300

firms assisted by Edison personnel acquired new plant sites in the company's service territory in central and also southern California, he noted.

As a result of these moves, more than \$700 million has been invested in new plant facilities. Nearly 90,000 new jobs have been created with an annual payroll of about \$730 million, he said.

# Real Estate Facts

By Milton Stone  
President Ontario-Upland Board of Realtors

For the individual who wants to invest in real estate because of the general attractiveness of this form of investment, but has a comparatively small amount of money, the real estate syndicate could be appealing.

A real estate syndicate is simply a pooling of money from several persons which is then used to buy real estate, with a potential for profit. A common example would be an office building valued at \$750,000. If 10 individual investors each contribute \$75,000 they would have \$750,000 as a group to make the down payment, assuming they can obtain a 90% loan on the building.

The group would be the syndicate. The form of their investment might be ownership through joint tenancy, tenants in common, partnership, as a corporation, or some other legal method.

The essential ingredient in any such syndicate, however, is a professional who can gather the money for the venture, select a property acceptable to the syndicate members, purchase it, and manage it to the benefit of all investors. This professional is usually a Realtor or other real estate broker.

The Realtor in this case searches for a good investment property, makes an analysis of it, guides the group to the proper form of the investment, consulting an attorney when desirable or necessary, and manages it to accomplish the syndicate's limited aims.

One of the hallmarks of a syndicate, that makes it different from other forms of mutual investment, is that it is held for a limited time only, quite often 10 years. It is created and administered to take advantage of future trends. The syndicate owners of the office building example may see business growth in that direction that will make it considerably more valuable in 10 years. They might even project that in 10 years the building could be torn down and a new, bigger one constructed on the site and sold, splitting the profits among syndicate members.

The taxes on their profits would be based on a long term capital gain and consequently computed at a lower rate than if the profit were attributable to a single year. The syndicate would still have had whatever income rents brought throughout the period, and would have increased their equity in their investment through payments on the mortgage.

Syndicates may be used to purchase raw land in the path of urban growth with the aim of letting its value increase for a number of years, then subdividing it or selling it to a subdivider. In this case, the syndicate members might have no income from the land, unless it is highly producing agricultural land. They might have to pay greater taxes than the income produces, actually putting more investment into the property over the life of the syndicate. For that reason, part of the land could be programmed to be sold after a few years, paying increased expenses, the balance held for the full period.

Syndicates can be used for investment in apartments, industrial and commercial property, resort and recreation areas, almost any type of real estate. But the key is growth.

It is for this growth reason that a Realtor or other real estate broker is usually the professional who puts the syndicate together. He is in a position to know trends, to analyze, to manage the property, to comply with laws and regulations governing such undertakings. He usually has some of his own money invested. He is paid for whatever time and knowledge he contributes according to the arrangement agreed upon.

when the syndicate is formed, and shares in the final profit when it is liquidated.

The syndicate is a management - free investment for most participants. It involves some risk. It also promises a larger return than some other forms of investment, which is the reason or its being.

Retail sales in San Bernardino County and its cities are expected to climb 7% in fiscal 1970. Member Richard Nevins of the State Board of Equalization announced today.

The forecast, based on Department of Finance figures, is for a statewide gain of 7% in the year which ends June 30, 1970.

San Bernardino County and its cities also may expect to share \$1,982,670 in cigarette tax revenues, the result of a 30% split with the state of the 10-cent per pack tax.

Retail sales hikes estimates range from 3 to 12% among the counties. Orange leads the larger counties with a 12% gain, with Marin at 11 and a

number of major counties at 10%. 35 counties were at the statewide average of 7% or higher.

Nevins, who represents Southern California, cautioned that the estimates are advisory only for local budget planners and will not consider such things as boundary changes or plant relocations.

Total local sales and

use tax allocations are projected to reach \$413 million in 1969 - 70. Another \$72 million of cigarette taxes are expected to be split among the 400 cities and 58 counties in 1969-70.

## Pony League

More adult help and supervision is needed for the Cucamonga Pony League, according to Gordon Allen, president of the league. All league games are played at the west field at Alta Loma high school with game time of 11 a.m. on Saturday.

Upland opened the scoring in the first inning when Bivens' grounder skipped between the legs of Howard at third base, Marc Hayden dropped a single into left field to chase Bivens to third, from where he scored on Pat Wise's grounder. With Hay-

Trainer Lloyd "Red" Hunter, a fine pitcher (and low hurdler) in his day at Chaffey High School, had to administer to Wise when he was hit and again to Darrow when the first baseman scrambled in the dirt to make a fine play on that fifth inning double-play. . . Attendance was miserable, but UHS rooters outnumbered the hosts, 3-1. . . .

## Extend Deadline For Homeowners Refund Of \$70

County Assessor Phil Watson announced today the filing date for property tax refunds of \$70 and homeowner exemptions of \$750 has been extended to May 23, by action taken today by the State Legislature.

"When I first requested this legislation a month ago, Governor Reagan and others in Sacramento supported it when they

learned that thousands of eligible homeowners had not returned their application forms to my office," Watson said, adding:

"Now, those who deserve the refund, but for one reason or another did not apply for it, may get the forms at any of the Assessor's 15 regional offices throughout the County or at the main office in the downtown Hall of Administration."

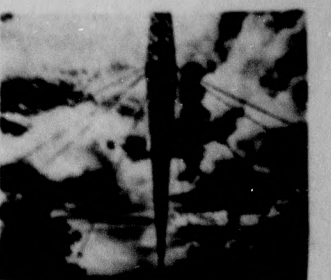

Watson cautioned per-

sons who filed their applications some time ago not to file again just because

they haven't yet received their \$70 checks. The State Controller will mail all refunds after he has the certified lists from all of the State's 58 Assessors. This will probably be in July.

"A homeowner who lived in his house on March 1, 1969, is eligible for the \$70 refunds, and those who owned and oc-

cupied the dwelling on March 1, 1969, qualify for the \$750 exemption in assessed valuation on next November's tax bills," the Assessor explained.

## Top Photographs By Teenagers At Pomona Mall

POMONA - A collection of 43 of the top winning photographs taken by U.S. teenagers, grades 7 through 12, competing in the Scholastic Photography Awards competition, will be on display here, the entire week of FOTOFAIR '69, May 19-24 in the exhibition hall at 151 Pomona Mall East. College scholarship grants of \$500 and \$1000 are awarded by Eastman KODAK Co. to students demonstrating a combination of outstanding photographic ability and high academic standing and

promise in the scholastic awards. There are a total of \$6,375 in grants offered each year in the competition. More information on the 1969 contest will be available at the Kodak booth in the fair hall Friday and Saturday, May 23 and 24, or at H & H Photo, Inc., 228 Pomona Mall West.

The works of other outstanding photographers

such as Henri Cartier-Bresson, French "Father of Modern Photography", Matthew Brady, photographic biographer of the American Civil War and many of Southern California's own professional photographers can be seen the entire week of May 19-24 at the second annual Pomona FOTO-FAIR on the downtown Pomona Mall.

## 'Charlie Brown' Nears 500 Mark

Charlie Brown may not be able to manage a pennant winning baseball team in the Schulz newspaper cartoon strip but he and his Peanut gang are batting a thousand at the Ivan Theatre in Hollywood where "You're A Good Man Charlie Brown" will be seen for the 500th performance on May 22.

"You're A Good Man Charlie Brown" deals with a day in the life of Schulz' pint-size hero, Charlie Brown, and includes his encounters

with Lucy, his crabby cohort; Linus, the blanket toting philosopher; Patty, the jump rope fanatic; Schroeder, the Beethoven buff; and Snoopy, World War I flying ace and all-round crafty canine.

Gary Burghoff brings life to the role of the pre-school Everyman in this Hollywood stage production which features Judy Kaye, Robert Towers, Sydney Daniels, Joel Kimmel, and Hal James Pederson.

**500th PERFORMANCE FOR "CHARLIE BROWN"**  
The world's greatest, losing baseball team celebrates its 500th performance Thursday, May 22, 1969 in the stage musical, "You're A Good Man Charlie Brown," at the Ivan Theatre in Hollywood. This international hit, produced by Arthur White, law and Gene Persson and based on the "Peanuts" comic strip, has played to approximately 175,000 attendance since the March, 1968 opening at the Ivan. Hal-James Pederson, Sydney Daniels, Judy Kaye, Robert Towers, Gary Burghoff and Joel Kimmel make up the cast of "Charlie Brown."

## 'Copters Speed Up Your Trip To Bay Area

**OAKLAND** - Flying is the fastest way to travel, and getting from airport to city in bumper-to-bumper freeway traffic is the slowest.

But in the San Francisco Bay Area, something has been done to rescue travelers who don't want to waste valuable time on the crowded freeways and bridges --- SFO Helicopter Airlines' swift and efficient service to most major communities in the greater Bay Area.

No longer does it take as long to get from the airport to downtown hotels as it does to get from city to city. SFO Airlines' extensive service creates an airbridge to most city centers that saves both time and money.

The flight between San Francisco International Airport and downtown San Francisco, for instance, takes just seven minutes. In addition, persons flying SFO Airlines enjoy the convenience of through-checked baggage which eliminates waiting time at the airport.

And the service can be surprisingly inexpensive. Most major airlines offer reduced fares for passengers desiring to use SFO Airlines' service. In many cases the airline will pick up the entire cost of the SFO ticket depending on the passengers' point of departure.

For travelers planning to fly SFO Helicopter when they arrive in the Bay Area, flight reservations are available through travel agents and the airlines.

SFO Helicopter serves San Francisco International, Oakland International and San Jose Municipal Airports. Helicopter service between these airports and the communities of Palo Alto, San Jose, Concord (Contra Costa County), Marin County, Berkeley and downtown San Francisco is on a regular schedule seven days a week.

SFO presently operates a fleet of 26-passenger Sikorsky S-61 helicopters over a 102-mile route system offering more than 100 flights daily.

## Upland Convalescent Hospital Breaks Ground For Addition

Ground breaking for the new 111-bed addition to the Upland Convalescent Hospital has been accomplished. San Bernardino County's largest convalescent hospital will be licensed by the State Board of Health for 208 beds.

This facility represents an investment of \$1,750,000. The building is owned by Mr. and Mrs. Tomlinson and is leased by the Upland Convalescent Hospital, Inc. Eugene A. Gorski is president and administrator of this operating corporation.

The original 97 beds were opened to the public on June 18, 1964. Except for the first year, this hospital has been operating at full capacity ever since.

The growth of the inland community and the increasing need for beds stimulated by the advent of Medicare has made this addition timely and necessary. The present 97-bed portion employs 75 people in various capacities. Mrs. Annette Rasmussen is the Director of Nursing and Mr. Bill Milton is the Assistant Administrator.

At the present time, 37 physicians in the area have patients placed here.

The Upland Convalescent Hospital is licensed as an Extended Care Facility participating in the Medicare Program. Additionally, we are one of the few facilities approved by the Veterans Administration in San Bernardino County. Our participation in the Medicare program is well known to everybody in the community as well as to all welfare agencies in the county.

### Charles Vogel Heads Dept.

Charles S. Vogel, appointed a municipal judge in Pomona early this year, has volunteered to head the Professions department of the 1969 United Crusade in the Pomona Valley area.

Vogel commented: "Private agencies offer expedient and flexible services, especially in times of need, an advantage over public agencies. United Crusade is the best and most efficient way of funding our worthy, independent and flexible private agencies."

An alumnus of Pomona College, Vogel worked for a Pomona law firm following his graduation from UCLA law school.

A member of the University Club for nine years, Vogel belongs to the Claremont Presbyterian Church where he is on the session and president of the board of directors. He is also a member of the board of trustees of the Claremont Family Services. The judge, his wife Sally, and their children, Steven 8 and Beverly 6 reside in Claremont.

The new addition will be completely carpeted and furnished and decorated. A completely equipped physiotherapy department will be installed.

Large recreational areas for the patients will be provided and a completely new concept in occupational therapy will be innovated.

## Shakespeare Revisited

By Donald W. Reynolds

Stratford-on-Avon, England

Half a million tourists - more than 70% of them Americans-visit this village of 17,000 each year.

Fortunately they weren't all present on the pleasant Spring day and night that I spent a nostalgic day with my high school English class. Shakespeare became a real person-regardless of who is supposed to have truly written his plays. And I'm glad that I'm not sufficient of a scholar to take sides in the dispute, for Disney himself could not have done a better job in creating the perfect locale for the immortal bard.

It is good that no effort is made to document anything but an illusion. The two converted houses on Henley Street are "purported" to have been the home of Shakespeare's parents while his father was mayor of the village--and the furnishings are quite honestly "restorations".

The cottage house of Anne Hathaway-his ultimate wife-makes no pretenses of being much more than a legendary location. Only the gardens across from the chapel where he is supposed to have strolled during his retirement are documented as to authenticity.

### EXCELLENT PROPS

It is good that modern visitors are given such excellent props with which to create their personal illusions. Winding streets, lit tempered swans gliding over the little river of Avon that would hardly be classified as more than a creek at home, truly ancient inns, fortunately with modern plumbing, and gardens upon gardens that could bloom only in England on a marvelous May day.

Having driven up from London, leaving behind the problems of a new French government, a collapsing British one, a disintegrating international situation, it was true luck that gave me "The Merry Wives of Windsor", to me the most pleasant and uncomplicated of all his masterpieces.

And the Royal Shakespeare Company did an excellent job of presenting an evening of entertainment, with no pretensions of being anything other than that. Generally ascribed to having been written at the first Queen Elizabeth's request in 1597, the program straight forwardly admits that there are several conflicting conjectures.

It was more than a century later in 1709 that Nicholas Rowe wrote that Elizabeth, disappointed in not seeing Falstaff in "Henry V" (as promised at the end of "Henry IV"), had specifically asked to see the Knight in love. It has been argued further-without any direct proof-that the play was first performed before Elizabeth in Windsor Castle. And so traditions are born.

### MARVELOUS EXPERIENCE

Brewster Mason created a lusty, earthy Sir John Falstaff, and Ian Richardson gave him excellent support as Master Frank Ford. Produced in a rebuilt theatre-although "restored" is the preferred word--the costumes scene changers operated as part of the cast with a curtain pulled only at the close of the play.

Illusions are nice--and the reality of facing a hundred miles of miserable English roads, overcrowded with ill mannered truck drivers, still can't completely wipe out a marvelous experience as I head back to London.

"SEVEN YEAR ITCH" -- Anita Allen (Helen Sherman) and C. T. Wiseman (friend of the family) enact a scene from the "Seven Year Itch" -- current attraction at the Gallery Theatre, 680 E. Foothill blvd., Upland. The Broadway hit will run for five weeks starting at 8:15 p.m., Friday.

## Rocky Marciano To Be Honored

Rocky Marciano will be honored at the third annual Sportsmen's World Awards banquet in Las Vegas on June 28.

The undefeated heavyweight boxing champ was a runaway favorite in this year's balloting by more than a hundred noted sportscasters and sportswriters across the country comprising a National Selections Committee.

He will be one of about a dozen athletic greats of the past to receive golden "Victor" statuettes, symbol of the Sportsmen's World Awards. The event at the Sands Hotel is sponsored by the Sportsmen's Club for the City

of Hope, with proceeds going to support the free

and nonsectarian medical and research center.

W. R. (Bill) Schroeder of the Helms Athletic Foundation, and Los Angeles sportscaster Chuck Benedict are co-chairmen of the National Selections Committee.

This year's event will be distributed for national television by Metro-media Producers Corp. Joey Bishop will serve as Master of Ceremonies, joined by several celebrity guest presenters of the "Victor" awards.

TWA has been designated as the official carrier for the Sportsmen's World Awards, and will fly the honorees to Las Vegas from all over the world.

## Name Three Chairmen For United Fund Drive

Will W. Wyatt, Area Campaign chairman for the United Crusade in Pomona Valley, has announced the appointment of three more chairmen for this year's campaign.

John J. Frampton will head the Business and Industry department; Hermann J. Ploss, Commerce and Industry department; and Mrs. Amos (Ruby) Randall, Retirement Homes department.

Frampton, a lifelong resident of the Pomona area, graduated from the University of Notre Dame and for 10 years served as a teacher and coach at Bishop Amat and Pomona Boys' Catholic high school. He and his wife, Suzanne, have five children, Christine 16, Michael 15, Lisa 12, Karen 10 and July 7. They reside in Claremont.

Ploss, with Burlington Industries for 19 years, is plant manager of their hosiery division facility in Pomona. He and his wife, Ellen, reside in Alhambra and have a daughter, Joy Ploss Uhlman.

Mrs. Randall accepted the direction of the Retirement Homes department in its initial operation last year and achieved record results.

A former school nurse and American Red Cross social worker and supervisor, Mrs. Randall now volunteers much of her time to the United Crusade supported agencies which provide a network of health, youth and charitable services and programs for the community and the Valley. She is especially interested in family counselling and the visiting nurse program. She also assists her husband, Amos W. Randall, A.I.A., in his Pomona office and they reside in Pomona.

## Grant To USC For Research Fields Of Arthritis, Cancer

An \$810,000 five-year grant for basic research relating to such diseases as arthritis and cancer, as well as the phenomenon of aging, has just been awarded by the National Institutes of Health to the University of Southern California's Department of Biochemistry.

The grant will support research on the nature of the material which exists between the body cells, according to Dr. Lucien A. Bavetta of (5540 Village Green) Los Angeles (90016), chairman of the department.

"Increased knowledge of the chemistry and properties of this intercellular material will lead to a greater understanding of how cells grow and differentiate or specialize," Dr. Bavetta explained.

"Our research is also greatly concerned with the chemistry of such components of the intercellular material as collagen and glycoproteins. A collagen is a protein which acts to hold the cells and organs together. Glycoproteins are combinations of sugars and proteins whose precise role is being investigated.

The research team headed by Dr. Bavetta includes Dr. Samuel Alerton of (5145 Fidler ave.) Lakewood, assis-

tant professor of biochemistry, School of Dentistry; Dr. Marcel E. Nimmil of (1436 Crestview crt.) Los Angeles (90024), associate professor of biochemistry (Medicine); Dr. Michael Schneider of (556 S. Barrington ave.) Los Angeles (90049), assistant professor of biochemistry and nutrition, School of Dentistry; Dr. Harold C. Slavkin of (30-50 Motor ave.) Los Angeles (90034), assistant professor of biochemistry; Dr. Barbara G. Mills of (395 La Mirada) San Marino, adjunct assistant professor of biochemistry; Dr. John Belterle of (2251 Levanda ave.) Los Angeles (90032), postdoctoral fellow, department of biochemistry, School of Dentistry; Dr. Joseph Atkins of (4433 Keystone ave.) Culver City, assistant professor of periodontology, School of Dentistry.

## Scout Recognition Tea To Honor Senior Graduates

Cadettes from the Spanish Trails Girl Scout Council who have attained First Class will be honored at a program and tea on Sunday, May 25. Mrs. Charles Heckel, chairman of the Program Services Committee of the Council announced that approximately 166 girls, most of whom are ninth-graders, will be awarded a certificate at the event, to be held at South Hills high school in West Covina from 3 until 5 p.m.

To attain First Class, each girl must have earned a minimum of six Cadette Badges, which show she has knowledge and skill in the fields of citizenship, arts, health and safety, home, international friendship and the out-of-doors. In addition, each girl must have successfully met four difficult challenges: the challenge of Social Dependability, challenge of Emergency Preparedness, challenge of Active Citizenship and the challenge of the Girl Scout Promise.

The program will be opened by a flag ceremony by Cadette Troop 647 of Claremont. Mrs. Jack Mansell, leader, Mrs. Charles Heckel of Whittier will serve as Mistress of Ceremonies. Spanish Trails Council President, Mrs. Joseph Axline, will welcome the group with a few words about Girl Scouting, and songs will be presented by Senior Scouts of Troop 111, Claremont, led by Mrs. John Vail.

Miss Elaine Craig, Senior Scout from Troop 1080 of Upland, will speak about her activities as a Senior Scout, focusing on her experience with a Senior Opportunity.

Presentation of certificates will be made by Mrs. Axline.

Refreshments will be served in the garden near the auditorium by Cadette Troop No. 647 and Senior Scouts representing several Council troops. Mrs. Kenneth Nowels of Claremont is coordinating this year.

First class Scouts from the area being honored include:

Upland, Troop 1123: Nancy Karnes, Barbara Wilson, Janet Standlee, Carmella Vignocchi, Kathy Gary, Diane Bean, Patty Deckard, Linda Hughes, Cathy Rawle, Cynthia Rawle, and possibly Debbie Richardson and Karen Roberts.

Alta Loma Troop 1036: Wendy Eagle.

Montclair Troop 1129: Lynn Adamson, Pat Coyle and Terri Dillon.

Troop 760: Judy Riley, Carol Jones and Kathy Wiseman.

La Verne - San Dimas: Ileana Mora, Karen Ogden, Pat Atkinson, Sandra Garrison and Janine Porter.

Diamond Bar - Rowland Heights - Walnut: Kris Champion, Valerie Dubois, Debra Halle, Jennifer DeAngelis, Marilee Bridges, Rhonda Crawford, Diane Gunn, Claudia Johnson, Maria Lancia, Barbara Majus.

The paintings depict scenes of California and the West Coast and represent Mrs. Jackson's work of the past 20 years, during which time she has completed more than 100 landscapes and other oils.

Mrs. Jackson is the director of St. Paul's Week-day Nursery School in Claremont.

# RH Sportsman's Ass'n Plans Its Third Year

ROWLAND HEIGHTS - The Rowland Heights Sportsman's Association is starting their third year of activities.

During the first two years the group has successfully sponsored hunter safety classes, baby sitting courses, and fishing trips for the youth of Rowland Heights. For club members, such events, as hunting and fishing trips, com-

petitive shooting matches, prizes, guest speakers and films, are provided.

In April the annual meeting was held to elect officers, set goals and establish programs for the new year.

Harvey Dufrenne was elected president. Named to serve with him were Patrick Reagan, vice president; Dave Heil, secretary; Bill Updegraff, executive officer; Don Busch, instructor. The officer of treasurer is currently vacant.

In March the club sponsored an all-day fishing trip to Catalina Island with 21 people in attendance.

At the annual meeting, trophies were awarded in four categories to the club champions, as follows: Dufrenne, large bore rifle; Busch, small bore rifle; Dufrenne, pistol; and Dave Heil,

shotgun. Bill Arthur had the high total of broken birds (trap shooting).

The club invites anyone who is interested in hunting or fishing, gun collecting, reloading, competitive shooting, trap shooting or firearms in general, to attend the meetings.

The next meeting will be held at 7:30 p.m. on May 21 at the Security Pacific National Bank, Nogales and Fifth avenue.

Further information may be had from Dufrenne, 595-7029, or Busch, 964-3064.

## Regular Summer Rates In Effect At State Parks

SACRAMENTO -- With the summer vacation season right around the corner, special winter rates at all but five units in the State Park System will end May 1 and regular summer rates will go into effect, the California Department of Parks and Recreation reminded park users.

Regular rates already are in effect in Anza-Borrego Desert and Joshua Trees State Parks, Mitchell Caverns State Reserve, and Picacho and Salton Sea State Recreation Areas. In these units, lower off season prices will become effective June 1.

In other camps, the rates through September 30 will be as follows:

Trailer hookup, \$3.50 per campsite; Class A, \$3 per campsite; Class B, \$2 per campsite; Class C, \$1 per campsite; boat camps, \$1 per campsite; boat launching, \$1 per day; horse camps, \$2 per campsite for up to two horses, 25 cents for each additional horse.

Class A campgrounds ordinarily include flush toilets, piped drinking water, hot showers, laundries, campsites with a table, stove and cupboard and surfaced roads.

Class B campgrounds ordinarily include flush toilets, piped drinking water, campsites with table and stove, improved roads, and in some cases cold showers.

Class C campgrounds ordinarily include roads cleared for access, chemical or pit toilets, campsites in an informal area with table, central water supply; or a designated area without facilities.

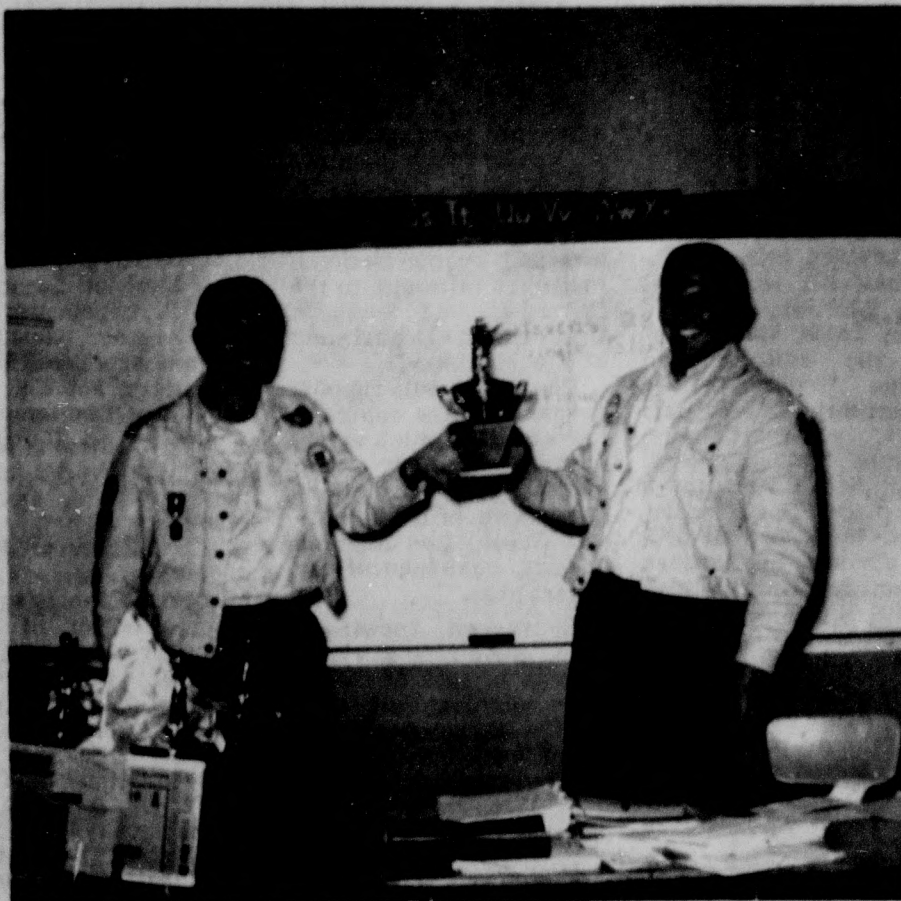

Rates that are unchanged include day use fees of 75 cents per vehicle, and the annual \$10 permits for day use and boat launching facilities.

## PEN PERSONALITY

The designing woman uses color to bring personality into her home and her life! She knows that little touches make a big difference. She uses Flair porous point pens by Paper Mate to add splashes of wonderful color to her home. Available in ten rainbow colors of shocking pink, yellow, turquoise, orange, purple, brown, red, green, blue and black, the pens match or contrast her note paper beside each telephone. A colored pen hangs near her kitchen bulletin board and, of course, a variety of colors are at home on her desk, to blend with her stationery and her mood.

## New Section Pomona Freeway Underway

Construction on a new section of the Route 60 (Pomona) Freeway from Diamond Bar boulevard to the San Bernardino County line is under way, the State Division of Highways reported today.

Brief groundbreaking ceremonies, sponsored by the City and Chamber of Commerce of Pomona, and coordinated by the Pomona Freeway Association, were held Thursday, May 8, 11:30 a.m. on the freeway right-of-way near Garey avenue and the Corona (Route 71) Expressway. At the invitational luncheon which followed, Dr. Oscar Edinger, President of the Pomona Freeway Association, presided as master of ceremonies, with A.C. Birnie, Deputy District Engineer, District 7, California Division of Highways, as the principal speaker.

About five miles of 6-lane

freeway will be built under the \$5.4 million contract awarded to Altfillisch-Fulton Co. of Anaheim. Bud Cummings, project superintendent, indicates completion in summer 1970.

Senior Resident Engineer for the State is G.L. Bogusch, with R.J. Roberts as Highway Resident Engineer, J.R. Munro as Bridge Resident Engineer, and James Salling the Survey Party Chief. Charles Strand was the design project engineer, A.M. Lynch supervised right-of-way acquisition.

The Pomona Freeway is now open to traffic from the East Los Angeles Interchange to Fullerton road in Industry. Construction east to Diamond Bar boulevard (\$10 million contract under way since June 1968) is scheduled for completion in spring 1970.

## Thornsley-Villegas Named SAC Students Of Distinction

Miss Mary Jill Thornsley, Pomona, and Baldomera Lopez Villegas, La Puente, were named Mt. San Antonio College Man and Woman of Distinction last evening, at the 10th Annual Men and Women of Distinction Awards Banquet, at Orlando's.

The award is the highest scholastic honor given by the College. Faculty members nominate students, then a student-faculty awards committee screen the nominees. Finally, 12 men and 12 women are selected as Men and Women of Distinction. The Man and Woman of Distinction are named at the annual awards banquet.

This year's Men and Women of Distinction Awards Banquet was dedicated to the Man of Distinction '66, Charles Uhlig, who was killed this year.

Miss Thornsley, who prefers Jill to Mary, is a sophomore English major. She has a 3.42 grade point average. She has been active in many facets of student life on the MSAC campus, and has served as president of the honorary scholastic society Alpha Gamma Sigma, and its publicity chairman. Jill was also state conference delegate for two years for AGS. Jill says her future plans include work with the Peace Corps, then junior college teaching, and eventually college administration.

Baldomera Villegas, also a sophomore, has a 3.46 gpa. His

major is biology, an interest he pursues both on and off campus.

As an active member of the College Explorer's Club, Baldo has participated in all the semester field trips each year, collecting various specimens of bugs, as well as rocks.

He has also served as treasurer for the Geography Club and vice president for the French Club. He is a member of UMAS, the Mexican-American students' group on campus, and was a member of the first MSAC soccer team last year.

He is "...intellectually curious...consistently superior in quality of his work...intensely involved in his major...reliable and consistent..." according to his nominators.

Other Men and Women of Distinction include Veda Bathelor, La Puente; Anne Bolcher, La Verne; Roberta Britt, Monrovia; Patricia Grimm, La Puente; Deborah Hafer, Pomona; Judith Lazzarini, Covina; Cynthia Olson, West Covina; Judith Ormond, Monrovia; Karen Parson, Claremont, and Kathleen Samson, West Covina; Ronald Ballard, West Covina; Edward Barrows, Hacienda Heights; William Dean, Pomona; Donald Gennero, Pomona; Kelly Godfrey, Covina; Thomas Kane, Pomona; Edward Kulbacki, Walnut; James Morse, Covina; John Powell, Rosemead; Harold Wilson, Walnut, and James Zimmer.

## Farjardo PTA Hears Law Officers, Fire Fighters

Farjardo school PTA held its final meeting of the spring term May 13, and it bid fair to being the most lengthy in the unit's history due to the interest aroused by the featured panel of speakers consisting of representatives from the sheriff's department, fire department, and highway patrol.

Following a brief presentation by each member of the panel describing the type of emergency situation handled by his department, the floor was opened to questions from the audience. Farjardo School's own "adopted" Deputy Mike Lee brought out the fact that although only one patrol car covers all the area south of Valley blvd. between 605 freeway and Diamond Bar, Industry Sheriff's Station averages eight to ten minutes arrival time.

Battalion Chief R. D. Messall and Captain G.J. Sotro, Los Angeles County Fire Department, requested the public at large to stay well clear of any area involved in an emergency. Greater than necessary property loss is incurred because vehicles and crowds of "onlookers" hamper the firemen in performance of their job. They also stated that if the population keeps increasing as it has in the past, we may possibly have a fire station in Rowland Heights within two to three years.

According to Officer L. B. Hudson of the California Highway Patrol Rowland Heights is included in the 450 square mile area sweeping from Mt. Baldy ski-lift to the Whittier hills, covered by the Pomona office. Besides handling any and all traffic emergencies, the Highway Patrol makes complete annual inspection of every school bus in use in California. That they do a fine job is borne out by statistics proving a California school bus is the safest vehicle anywhere in the world.

Also featured on the program were a group of second-grade students enacting a story from their current reading assignment, under the direction of Miss Pauline Lawrence, Farjardo teacher, and the installation of officers for the coming year. Mrs. Leif Andersen, past president, Rowland Council PTA, the installing officer, presented each new executive with a gold key symbolizing their responsibility to unlock the door leading to a better world for all children and youth.

The program was presented by Mrs. Roy Chapman, vice-president. Hospitality was provided by fifth grade mothers and arranged for by Mrs. Rudolph Sett, hospitality chairman.

Is there anyone who can resist homemade candy—especially when it's chocolate? Unlike fudge or fondant, which take a good deal of skill and a bit of luck, these Chocolate Creams are easy and foolproof enough for a real fledgling candymaker. Baker's Semi-Sweet Chocolate makes them dark, rich, and smooth.

### Chocolate Creams

- |  |  |
|--|--|
| 1 package (8 squares) semi-sweet chocolate | 2 tablespoons light cream                  |
| ¼ cup butter or margarine                  | 1 teaspoon vanilla                         |
| 1½ cups sifted confectioners' sugar        | Chocolate sprinkles or finely chopped nuts |

Partially melt chocolate squares with butter over hot water. Remove from water; stir rapidly until chocolate is entirely melted. Blend in sugar, cream and vanilla. Chill until mixture will hold its shape—about ½ hour. Form chocolate mixture into small balls; then roll in chocolate sprinkles. Makes about 5 dozen confections.

Note: Confections should be stored in the refrigerator.

## Arts-Science Combine At CC

ALTA LOMA—Until this year, Chaffey College's creative arts division could claim the Arts-on-Campus Festival each May for its very own.

But now comes the physical science division with the announcement that the show for May in the Milliken Planetarium will be "The Mona Lisa Look of the Pulsars."

The reasoning behind the selection and timing went like this:

Leonardo de Vinci, who portrayed the lady with the enigmatic expression, was productive in the sciences as well as the arts. Were he living today, he would be obsessed with unraveling the mystery of the Pulsars, those newly discovered neutron stars 2300 light years away, those tiny freck-

les on the face of the firmament.

Therefore, planetarium coordinator Robert M. Lober chose "The Mona Lisa Look..." for the month of Arts-on-Campus—which is rather artful for a physical science prof.

It will be the last such show of the academic year and it's slated for 7:35 p.m. for all four Tuesdays in May.

## Future Stars To Appear At Council Scout-O-Rama

America's "Stars of Tomorrow" will be on display at the Old Baldy Council's annual Scout-O-Rama on Saturday, May 24th from 12 noon to 9:30 p.m. at the Los Angeles County Fairgrounds. The public is invited!

More than 8,000 Cubs, Scouts and Explorers are expected to participate. They will set up various sized booths on subjects ranging from Space Exploration to a Pet Show, from Gold Panning to Artificial Resuscitation.

Three big stage shows are also being planned using tomorrow's stars as the featured performers. A special feature of this year's show will be the Paul Bunyan's Kitchen where Scout troops and Explorer posts will show the latest and the best in outdoor cooking techniques.

An exciting Baden-Powell pioneering area will also be created to show what young men, working under the leadership of trained adult volunteer leaders, can do with some rope and lodge poles.

Add to these active areas an aqua pool with water safety demonstrations, and Olympic challenge area where Cubs and Scouts can challenge

each other in fitness and Scouting skills and a Cub Scout midway full of fun games for the whole family.

The Scout-O-Rama committee, under the leadership of John Walker and the Pomona Jaycees, has been active for months working with the Old Baldy Council to present the greatest Scout show ever in our Pomona Valley-Fontana area.

Cubs and Scouts have spent the last two months not only in preparing their

booth display but also in selling Scout-O-Rama tickets. By selling tickets a boy can earn many valuable prizes and his Cub pack or Scout troop can earn commissions which go into their treasury to provide camping equipment, etc.

The Old Baldy Council, Boy Scouts of America, has its Service Center located at 120 West San Jose avenue in Claremont.

## Canyon Crest Two-Story Models Proving Popular

The popularity of the two-story model has been one of the surprising sales trends at Canyon Crest, popular development in fashionable Northwest Upland, reports Dale McPhetridge of Key Realty.

"There has always been so much talk about single-story homes in Southern California that we had no idea how this plan would do," McPhetridge said, "but it has turned out to be so popular that our second phase of construction includes more of them than the first did. And we're selling them

while they're under construction, for future move-in."

He finds that the large 4-bedroom, 2 1/2-bath home reflects the demands of today's families, whether their taste is for a one-story or two-story plan. "The living room and family room are well-separated so both adults and children can have their privacy," he noted. "There's a separate dining room, following the trend away from having the dining-room furniture in a corner of the family room. And the traffic pattern permits ready access to any room

in the house without travel through any other. These things all seem to be pretty basic regardless of the number of stories in a house."

Three and four-bedroom homes are available at Canyon Crest, with up to 2,460 square feet of living area. The homes are priced as low as \$29,500, with down payments as low as 10%. Every home is equipped with central air-conditioning. The all-electric kitchens are complete with all built-ins including automatic dishwasher. Carpeting in living room, hall

and master bedroom is standard.

Furnished models are open every day from 10 a.m. until dusk. Canyon

Crest is conveniently located on Thirteenth st., Upland, between Mountain and San Antonio avenues.

## Milady 'Cap Hollywood Saturday

Leading contenders for the championship of the older filly-and-mare division at Hollywood Park will meet Saturday in the \$30,000 added Milady Handicap to be run at a mile and one-sixteenth.

The Milady is the final stakes for older distaffers prior to the \$75,000 added Vanity Handicap June 28, traditional title decider for the fem-

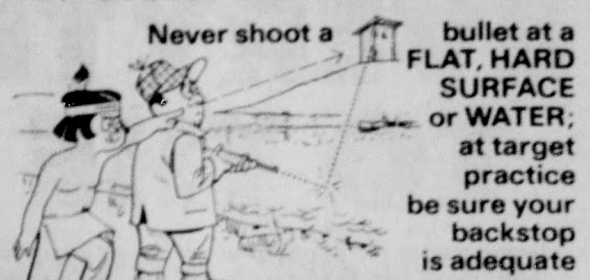

inine division. Three Milady Handicap winners—Countess Fleet in 1955, Silver Spoon in '60 and Linita in '62—have gone on to victory in the Vanity.

Heading the probable line-up for the Saturday feature are Alfred G. Vanderbilt's Indian Love Call and William Haggin Perry's Morgaise. Both fillies have been superl-

active in sprint stakes, but will be trying for their initial added-money triumph around two turns.

Indian Love Call got off to a fast start at Hollywood Park when she captured the six-furlong \$22,200 Sequoia Handicap from Time to Leave and Morgaise in 1:09 flat, but had to settle for third place in the longer Wilshire Handicap.

## New Stop Sign Calbourne Dr.

ROWLAND - Traffic on Calpet drive in the Rowland area will soon be required to stop before entering Calbourne drive, reported Supervisor Frank G. Bonelli.

The new regulation was authorized by the Board of Supervisors at its May 6 meeting. The County Road Department will post the necessary signs within ten days.

The new regulation, Supervisor Bonelli remarked, "will control potential conflict due to increasing traffic volumes and restricted visibility."

## Pomona Freeway Contract Awarded

The award of a \$6,576,103 contract for Pomona Freeway (Route 60) construction in San Bernardino County was announced today by James A. Moe, State Director of Public Works.

Kirst Construction Co. of Altadena, to whom the contract was awarded was the lowest of nine bidders.

The construction will extend the freeway 4.5 miles easterly from near the Los Angeles County line to Euclid avenue (Route 83). The entire construction of the ultimate eight-lane facility is on new alignment. It will pass through the cities of Chino and Ontario.

Interchanges are to be constructed at Ramona avenue, Central avenue and Palmetto avenue. A partial interchange will be built at Euclid avenue. Grading activities will continue from Euclid avenue for an additional 0.8-mile easterly.

Near the westerly end of the project, an overhead structure will carry the freeway over the Southern Pacific Railroad Company tracks. Overcrossings will be built at Pipeline avenue, Monte Vista avenue and Benson avenue and an undercrossing at San Antonio avenue.

The San Bernardino

"Softness" is The News in dresses that go from April into summer. It begins with soft, supple fabrics: wonderful polyester knits with crepey look and feel, fluid jerseys, soft voiles. Such fabrics are perfect for the new soft styling: the blousey tops, blouse sleeves, easy tied and belted waistlines—skirts swinging softly with pleats and flares. It all adds up to a big fashion change, say Sears fashion buyers, a completely new look—keyed to the word "SOFTNESS".

The Summer-Long Suit is a fashion swinger now! Jackets long or short, belted or not—with sleeves long or short or "no-sleeve". Jackets with the look of a shirt, a blazer, a pea-jacket. Skirts that move with soft pleats, swingy width. 3-piece suits with matching pants. Best of all, the fabrics: polyester knits and Fortrel-cotton blends—machine washable, and absolutely no-iron PERMA-PREST!

"The Pants Thing" is such a fashion hit, you'll want it several ways this summer. Start now, with those exciting flare-leg long pants. Buy that look in pants to team with shirts and other tops. Get the brand-new flare-leg jumpsuit—it's a knockout. And you must have one outfit of flare-leg pants with matching long tunic top: the great rave look of summer '69!

Flood Control District is contributing \$200,000 as its share of the increased drainage costs for depressing the freeway through Chino.

The annual spring stage production at Padua Hills Theatre, "Fiesta a San Ysidro" is again playing to appreciative audiences.

The musical folk play which opened on April 23 will run through June 7. It is a highly dramatic story, with English dialogue, of the plight of farmers in Mexico during drought. Their faith in San Ysidro, their patron saint, is shown in dialogue and song.

In comparison to these modern day farmers, the audience also witnesses the sacrificial dance of the Aztecs. This is performed on a low-lighted stage, with the slow beat of a drum building the suspense.

The tense drama is balanced with the gay fiesta of the closing scene. The young Mexican Players perform the authentic dances and songs of their native country. Import and artcraft shops, glass blower demonstrations and the Dining Room are all open daily except Mondays. Meals are served in the dining room at times convenient for those who wish to dine before curtain time at matinees and evening performances.

Theatre performances at this year around, 300 seat play house are presented at 8:30 p.m. Wednesdays through Saturdays with matinees at 2:30 p.m. on Wednesdays and Saturdays. Reservations are not always necessary but are recommended for this play. Besides visitors from out of state, patrons of Padua Hills plays come from such far

points as San Diego, Blythe, Santa Barbara, Bakersfield, etc.

Padua Hills is located on Padua avenue, in the foothills, three miles north from Foothill Blvd. in Claremont. The theatre telephone number is (714) 626-1288.

## Los Altos High Will Host Math Seminar

The second annual senior mathematics seminar will be held at the Los Altos high school, May 29, 9:30 a.m.

Speaker this year will be Mr. N. Monroe Hopper, manager of the Crocker Citizens National Bank of Hacienda Heights.

The topics covered in this year's seminar are concerned with the budget, both personal and family, loans of all kinds, checking accounts, savings accounts, installment buying and

the value of maintaining good credit, and homes, both buying and selling.

Purpose of these seminars is to acquaint seniors in consumer mathematics first hand with a few aspects of the problems relating to consumer purchasing.

A question and answer period will follow.

Any questions regarding this program may be directed to Ted Barr, Mathematics Department of the Los Altos high school.

## MSAC Instructor Writes Math Text

New geometric terminology and the traditional language of the subject are included in a new text authored by Mr. San Antonio College mathematics instructor Charles W. Tryon. "Elementary Geometry for College" is currently being used at MSAC.

The text also describes the changes in terminology, so that students and instructors familiar with the former wording can easily make the transition to the new language.

A concisely written, 304-page book, "Elementary Geometry for College" is a text for a one-semester course. The book re-

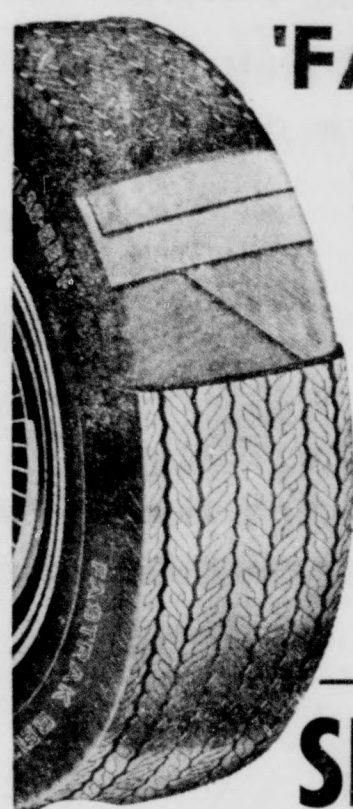

lates geometry and algebra in such a way that both students who have had high school geometry and those who are taking the subject for the first time will benefit from the course.

Course required statements and propositions are developed in the text, with reasons in proofs given in condensed sentence form, rather simply by title. Exercises are included in each chapter, with summary tests at the end of most chapters. A separate answer booklet is available to instructors.

## MSAC Adds Class In Afro Studies

GUEST -- Jan Murray will share the laughs with Buddy Hackett when the two comedians appear at Melodyland Monday, May 19, and again Monday, May 26.

Sociology of Ethnic Relations 20 is the fifth course to be approved by the Board of Trustees at Mt. San Antonio College this year, to be included in the Afro-American studies program. This course will begin in the Fall '69 semester.

Other courses in this area, already in the curriculum for this semester, include Survey of Afro - American Literature 20, History of the Afro-American 30, History of Africa 35, and Minority Group Dynamics in American Government 20.

Courses in psychology, sociology, music, and art are being outlined by the various departments involved, to be presented for adoption in the near future.

The College Library has recently compiled an up-to-date listing of the available literature in the areas of the Afro-American studies program. Over 450 titles, plus numerous periodicals, have been arranged in bibliographic form in the library handbook "The Black American."

A similar compilation of some 300 titles has also been made for "The Mexican American."

# Camera Eye Covers Upland-Cuca Scene

**VISITING POLICE DEPARTMENT** -- Second grade children from Sycamore school express amazement over a police car as Capt. Fred Strohte, explains the different things on it. The class recently toured the civic center area of Upland observing how city hall, the library and the police and fire departments operate.

**TRIPLE YOUR JOY** -- Mother's Day, 1969 was a day of triple joy for Mrs. Kenneth E. (Francine) Bell as she admires her three babies born March 4 in the Pomona Valley Community hospital. The proud mother is holding Gregory Claude, first born, 3 lbs. 1 oz. Nearest the camera is Jennifer Nora, 3 lbs. 10 oz., and lying nearest his mother is John Charles, 1 lb. 15 oz., the last born. The Bells live at 1828 Albright Way. Bell is vice president and manager of United California Bank in Ontario.

**HONORABLE MENTIONS** -- Mrs. M. R. Busch, general chairman, Poetry and Essay Contest, sponsored by the Catholic Daughters of America, Our Lady of Fatima Court #1387, presented the students with certificates for being selected as honorable mentions in the Division One and Two Poetry Contest. Shown are students at St. Joseph's school (from left) Eileen Flinn, Theresa Ehret, Chuck Magistro and Janet Rossi.

## Jay Handley Wins Eagle Scout Award

Jay Handley, son of Mr. and Mrs. J.H. Handley, 831 W. Orchid ct., Upland, will receive the Eagle Scout Award at the First Baptist Church Sunday.

Handley, 16, has been a member of Pomona Boy Scout Troop 101 for four years and is junior assistant scoutmaster. He belongs to the Navajo Lodge of the Order of the Arrow. His Eagle project was assisting in forming a new Boy Scout troop in Pomona.

In June, Handley will go to the Buckskin Conference at Circle B Scout Ranch as a two-year staff member, and he will attend the National Boy Scout Jamboree at Farragut State Park in Idaho this July.

He attends Upland high school and has won trophies for public speaking.

**FIRST MOTHER** -- Yawning with boredom over all the attention he's getting is Dale Sedestrom, 1-1/2 days old. He's the first baby born on Mother's Day in San Antonio Community hospital. His mother, Mrs. Dale Sedestrom, Cucamonga, was given a sterling silver baby spoon with the hospital crest on it, as were 10 other mothers who had babies that day. The mothers also received orchid corsages. The honors were in observance of National Hospital Week.

## Board Delays Naming Successor To Leman

Floyd Allen, vice president of the Upland city school district board, will preside over the meetings until July 1, when the board will reorganize.

The decision was made by the board at its meeting Tuesday night. The trustees are faced with a vacancy created by the death of Jarvis Leman who was president of the board for 13 years, and has the choice of reorganizing now or waiting until July 1 when all boards reorganize.

Selecting a person from the community to fill the board vacancy also faces the board. They have had several executive sessions to study the matter. If, at the end of 60 days, they have not made a decision, the county board by law may do it for them.

Many tributes were paid to the late Jarvis Leman at the board meeting. The board itself passed a resolution expressing appreciation for his work and his devotion to the school board and the community. Letters of condolence were also received.

Allen expressed a "sense of humility" in accepting the president's position temporarily and paid tribute to Leman saying Leman's philosophy of education and sound fiscal policy has guided the district through many years of rapid growth and kept the schools on an even keel.

The board set Tuesday, June 3, at 7:30 p.m., in the administrative offices, as an adjourned meeting to study this year's preliminary budget.

## CC Adds Three To Director Board

Elected last week to serve on the Chamber of Commerce board of directors for three years are, Bob Sherwood, Sherwood Realty; Dick Hield, Upland Savings and Loan; H. Frank Penn, Magic Lamp and Jack Atwood of Atwoods.

Presently serving on the board are Harvey Stone, Stone Funeral Home; Charles Althouse, attorney; Walt Reardon, CPA; Dewey Cable; Don Hewitt, Don's Electric; Paul Hottel, Hottel's Furniture; John Meyer, Modern Decorators and Bill Rugg, Rugg Lumber Co.

New officers will be selected and installation will be held at the Uplander Hotel, at the annual banquet, Tuesday, July 1.

**GIFT CERTIFICATES FOR CHARITY** -- Ed Oram, manager of Bill's Ranch market, smiles as Mrs. Pearl Roach, center right, of 827 N. Third ave., Upland, presents to both Mrs. Corliss Jones, center left, and Mrs. Helen Stott, far right, a \$25 gift certificate from herself and the store. Mrs. Roach is the first winner in the gift-certificate advertising-mailer coupon drawing held by the market every other week. Mrs. Jones is the director of volunteers at Casa Colina hospital, where Mrs. Roach is a volunteer. Mrs. Stott is president of Operation Cheer, sponsored by the West End Servicemen's club, with which the store is affiliated.

## Budget Session Set By Council

The City Council will study the rest of the proposed \$3.6 budget for 1969-70 at a special session, Monday, June 2, at 7:30 p.m., in the council chambers, city hall, 177 "D" st. One study session has already been held.

The budget must be approved by the end of June as the fiscal year starts July 1.

## Night With Dodgers Tickets On Sale

UPLAND -- There are still 123 tickets remaining for "Upland Night at Dodger Stadium", the Chamber of Commerce said today.

Persons interested in going to the June 6 game between the Dodgers and the expansion Montreal Expos should make their reservations soon.

Air conditioned buses will leave the corner of First Avenue and C Street in Upland at 6 p.m. Price of the \$5 ticket includes reserved seat at the game and transportation.

## 6th Graders Will Be Bused

UPLAND -- Because Foothill Knolls School has no sixth grade, sixth-grade pupils who would otherwise attend that school have been bused to Upland Elementary School this year.

To alleviate overcrowding at Upland School next year, sixth-graders from Foothill Knolls will be bused to Cabrillo School, the board of trustees decided Tuesday night.

Children from the Los Olivos area attending Foothill Knolls and due to enter the sixth grade next year will be bused to Sierra Vista School.

**OLDEST MOTHER** -- Mrs. Alice Morgan, 92, was the oldest mother in San Antonio Community hospital on Mother's Day. She was honored by the hospital staff in observance of National Hospital Week and received an orchid corsage and lots of congratulations. Helping her celebrate were some of her family, Mike Thacker, great-grandson, Mrs. Earl Williams, daughter; Mrs. G. P. Thacker, daughter-in-law; Erin Thacker, great-granddaughter; and Bob Thacker, great-grandson. She is the only living member of her family of 12, and she had 12 children and has 19 grandchildren and 24 great-grandchildren. She was born in Kansas and has lived in California for 24 years.

AT GRAND OPENING -- Bomby the Clown appears during the Grand Opening celebration of the new Builders Emporium, 229 East Foothill boulevard, Upland, beginning Wednesday, May 28. The world-famous entertainer performs daily in the new 35,000 sq. ft. do-it-yourselfers' hardware store from 10:30 a.m. to 5:30 p.m. Wednesday through Sunday. Builders Emporium now has 22 stores in the chain, the largest of its kind in the nation.

## No Forms Required To Buy Ammunition

Hunters and sportsmen need only identify themselves to be able to purchase ammunition under the 1968 Federal gun control law, the Internal Revenue Service said recently.

There are no forms to fill out but a person must show some identification such as a driver's license to indicate he meets the age requirements set forth in the gun law.

The 1968 Gun Control Act limits the sale of ammunition for pistols, revolvers and other handguns to persons 21 years of age and over. Ammunition for rifles and shotguns may be purchased by persons 18 years of age and over. IRS said that unlike the restrictions on the sale of firearms, a person can

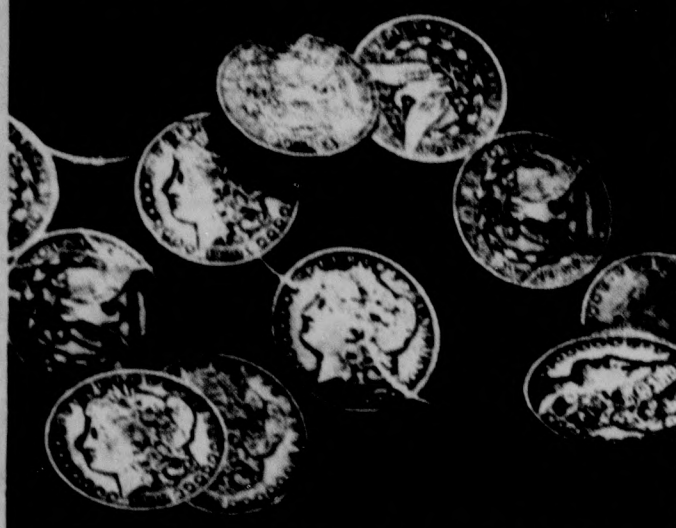

buy ammunition outside his home state. Thus, a hunter on a trip or a sportsman attending a shooting match will have no problem obtaining ammunition.

Dealers are required to keep records of ammunition sales including the name and address of the purchaser.

The Federal gun legislation enacted in 1968 was designed to help law enforcement officials at all levels of government fight crime. The legislation was not intended to place unnecessary restrictions on hunters, sportsmen or citizens using firearms for any lawful purposes.

Administration of Federal gun laws is the responsibility of the Alcohol, Tobacco and Firearms Division of IRS.

### "TUNA PRETZEL SOUFFLE"

1/2 cup butter or margarine  
1/2 cup very fine pretzel crumbs (Use a rolling pin or crush pretzels at the highest speed in your blender.)  
1 cup milk  
4 egg yolks  
2 tablespoons frozen chopped chives  
1/2 teaspoon salt  
1/2 teaspoon pepper  
1 can (7 ounces) water-packed tuna, drained and flaked  
4 egg whites, stiffly beaten

Melt butter and stir in crumbs. Gradually stir in milk. Cook mixture while stirring until it thickens into a paste. Beat in egg yolks, one at a time. Stir in chives, salt, pepper and flaked tuna. Fold egg whites into tuna mixture, pour mixture into a buttered 1-1/2 quart casserole or souffle dish. Bake in a preheated slow oven (325°F.) for 50 to 60 minutes or until souffle is brown and puffed. Serve at once and wait for the compliments.

### Baby Feeding Tip

Feeding baby is a job that calls for positive thinking and persistence. Make the job easier for yourself by taping a box of junior-size tissues to the back of baby's high chair, where they're easy to grab to clean up the inevitable spills. Kleenex Juniors treat baby's skin gently and help make mealtime mop-ups quicker.

2 tablespoons lemon juice  
1/2 cup flaked coconut  
Pure oranges, cut into thin slices. Place in large serving bowl. Peel banana; cut into thin slices in bowl with orange slices. Mix fruits carefully. Blend orange juice, honey and lemon juice; pour over fruit. Sprinkle coconut over fruit. 4 to 6 servings. (How about red maraschino cherries on top?)

The problem: How can Southern California provide the houses, businesses, and streets that a growing population needs - and still save enough land for the parks, golf courses, farms and esthetic beauty people would like to have?

This question will be considered at a University of California Extension conference this Saturday (May 24) titled "Patterns on the Land: People, Open Space, Water, Money".

Reservations will be available at the door for the all-day program where conflicting viewpoints on land use will be aired by developers, sportsmen, nature lovers, farmers and home owners facing rising property taxes. Purpose is to

examine some alternatives for communities in this area.

Speakers include Congressman Paul McCloskey, Jr. (R-Calif.), a member of the new Congressional Subcommittee on Conservation and Natural Resources; State Assemblyman Craig Biddle (R-Riverside County), majority floor leader; and Charles Little, vice

chairman of Open Space Action Institute, a non-profit New York group which helps communities to preserve open space in urban areas.

The 9:30 a.m. to 9 p.m. program will meet at the Faculty Club, University of California, Riverside. Fee of \$15 includes lunch. Dinner (optional) is \$3.50. For information, phone University Extension in Riverside at 787-4105.

# Chaffey College To Start Minority Studies Program

**ALTA LOMA** - Three courses concerning minority groups in this country will be presented by Chaffey College in the academic year ahead.

In effect, the courses - two in history and the other in correctional science - amount to the first phase in the development of a minority studies program here.

Scheduled for next fall are "The Black Man in America" and "Understanding Ethnic Group Relations." Stated as a spring offering is "The History of the Chicano in the Southwestern United States."

The fall history offering covers major issues regarding the American Black from pre-colonial times to the present. Topics include "Jim Crowism," Negro minstrelsy, the Harlem Renaissance and Black Power.

The fall correctional science offering is a survey of minority group problems in correctional institutions and agencies

and the effects of stereotyping and prejudice. The seminar - type course comprises guest speakers and field trips.

The spring course is keyed to the Chicano community and its contributions in the Southwest. Topics include the colonial heritage, the Mexican-American War, Anglo attitudes regarding the Chicano and the bicultural character of this minority.

The college indicated that such courses are designed to benefit students regardless of societal origin.

Dr. Clarence C. Calhoun, dean of instruction, reported that the college is incorporating more documentation on minority groups in its general curriculum.

The Chaffey board of trustees has approved an allocation of \$5,000 for the purchase of additional study material on minorities for the library.

# Scale Model of Ontario Speedway On Display

Area residents will have an opportunity to view a scale model of the Ontario Motor Speedway, May 19-24 at the Montclair Plaza. The \$25.5 million, all purpose racing complex is now under construction in Ontario, adjacent to the San Bernardino Freeway. It is scheduled for completion in mid-1970 and the plans are to have an opening race in late summer or early fall of 1970. Total initial seating at Ontario Motor Speedway calls for 140,000, including 85,000 permanent grandstand seats from which spectators will have 100% viewing of the oval and 90-95% of the road course, plus 55,000 temporary steel bleachers. The 300 acre infield will make it possible to accommodate more than 200,000 spectators.

Latest reports from Robert L. Johnson, design and construction coordinator for Stolte Co. of Oakland, builders indicate that grading work has proceeded far enough that the speedway's two main courses, a 2 1/2 mile oval and a 3.23 mile road racing circuit "noticeably are taking form". Paving of tracks will begin in August, following the completion of tunnels and installation of a vast underground electronic network, utilities, and the piping.

In addition to displaying the scale model, Ontario Motor Speedway officials will also have a graphic exhibit of racing and a former Indianapolis racing car during the week-long showing of dragsters and racing cars, to be held on the mall of the Montclair Plaza.

# March Of Dimes Seeks Intensive LSD Research

The March of Dimes has been asked by leading Public Health and Civic Officials to take a leadership role in bringing to the attention of the public, particularly young people, what is known about the increased risk of birth defects resulting from LSD and other drugs. The March of Dimes will intensify its research efforts to determine if damage done by LSD and other drugs to human chromosomes is the direct result of certain types of birth defects.

Samuel J. Gnerre, the Chairman of the San Bernardino County Chapter, said today that the voluntary health organization made its decision after conducting a meeting in New York recently with nine of the nation's most distinguished chromosome experts.

The experts unanimously declared that on the basis of present knowledge, "it would be prudent for a person in the reproductive years to avoid use of LSD and any other drug except for sound medical reasons." "None of them knew of any sound medical reason for taking LSD," Mr. Gnerre said.

The conferees agreed that LSD definitely damages human chromosomes which are the hereditary materials found in all cells of the body. They also agreed that chromosome damage of this kind often accompanies some birth defects, certain types of cancer, and is possibly associated with the aging process, Mr. Gnerre said.

The experts pointed out however, that more research is needed before it can be definite that chromosome breakage is the actual cause of these conditions.

"LSD given to pregnant rats and mice has caused birth defects in their offspring, according to evidence presented at the meeting. The fact that it breaks human chromosomes makes LSD a high suspect of birth defects. Although some research into the relationship between chromosome breaks and human birth defects is already going on, Dr. Virginia Apgar, director of the basic research department of the March of Dimes, said much more of this work is needed. She has invited scientists to apply to the March of Dimes for support of such investigations.

Two of the key questions that must be answered through further research are whether the breaks are permanent and whether these breaks in a parent can affect future children, Mr. Gnerre stated.

Participating in the March of Dimes meeting were: Dr. Olando J. Miller, Chairman, Columbia University College of Physicians and Surgeons; Dr. Maimon M. Cohen, State University of New York; Dr. James L. German 111, Cornell University Medical College.

Also Dr. Warren W. Nickols, South Hersey

Medical Research Foundation; Dr. Klaus Patau, University of Wisconsin Medical Center; Madison Robinson, M.D., University of Colorado Medical Center.

And Dr. Morton Stenchever, School of Medicine of the Western Reserve University, Dr. J.H. Tjlo National Institute of Arthritis and Metabolic Diseases, and Dr. Kurt Hirschhorn, Mt. Sinai College of Medicine, New York City.

Cable Forms Flight Center;  
Emphasizes Charter Service

UPLAND . . . Like a phoenix out of the ashes, Roger Cable announced May 13th the formation of a new flight center and air charter service.

One month later, after resigning as President of Cable Commuter Airlines when the airline was merged with another corporation, Roger Cable indicates that his new corporation will be based on the experience and background obtained from his accumulated learning and understanding of aviation in the business world of today.

The new company will provide an improved version of services which until recently were carried out by Cableair, a division of Cable Flying Service, Inc. Cable said, "For the corporation and the modern businessman we are giving additional emphasis toward aviation service in the areas of charter, aircraft maintenance, and aviation consulting."

Cable continued, "Our service will fulfill a very pressing need currently felt by the modern business world. There are few aviation companies available today who truly understand the needs of the corporation and the businessman, and who, at the same time, can provide an in-depth knowledge of business aviation from fuel to flying."

Cable's new company will be known as Cable Flight Center and is located at Cable Airport, 13th and Benson in Upland.

Scouts Hold Luncheon  
To Honor Local Press

A Press Recognition Luncheon honoring 43 newspapers, was held recently by the Spanish Trails Girl Scout Council at the Royal Coachman Restaurant in West Covina. Approximately 30 persons attended.

"The purpose of this event was to honor each paper for the splendid cooperation received and the excellent coverage extended to the Council throughout the 33 cities that are served within the Council's jurisdiction," stated Mrs. Joseph Axline, Spanish Trails Council President.

The guests were greeted by members of the Council's Public Relations Committee and Mrs. Sanford Newton, Jr., Relationship Vice President, was the Mistress of Ceremonies. Mrs. Axline gave a brief resume of Girl Scouting and also facts

pertain to the Council. This was followed by the Recognitions of the newspapers and personnel in attendance as well as the recognitions of the volunteer Press Representatives from the Spanish Trails Council who work with each newspaper.

Area newspapers honored were Claremont Courier; Chino Champion; Daily Report, Ontario; the Montclair Tribune; Cucamonga Times; San Bernardino Sun; Upland Courier; Upland News; and Progress Bulletin, Pomona.

Local Press Representatives from Spanish Council honored were: Mrs. Richard Coleman, Chino; Mrs. Jess Miller, Claremont; Mrs. Joe Cottrell, Ontario.

## Astrocomics

After watching the almost ludicrous pratfalls, dunkings and life raft flops that were beamed to the world during the recovery operations at the end of the spectacular Apollo 9 mission, a "depressed" viewer, Carl B. Reid of Studio City, wrote the Los Angeles Times: "It is hard to believe that with all our know-how some better method of recovery is not possible."

It does seem unfortunate that the men who will first set foot on the moon are fated to such an ignominious return . . . almost as if Columbus had fallen overboard while disembarking to become Isabella's "admiral of the ocean sea."

To Receive  
Tax Relief

San Bernardino County homeowners will receive more than 5 million dollars in 1968 property tax relief payments, County Assessor John H. Bevis has announced.

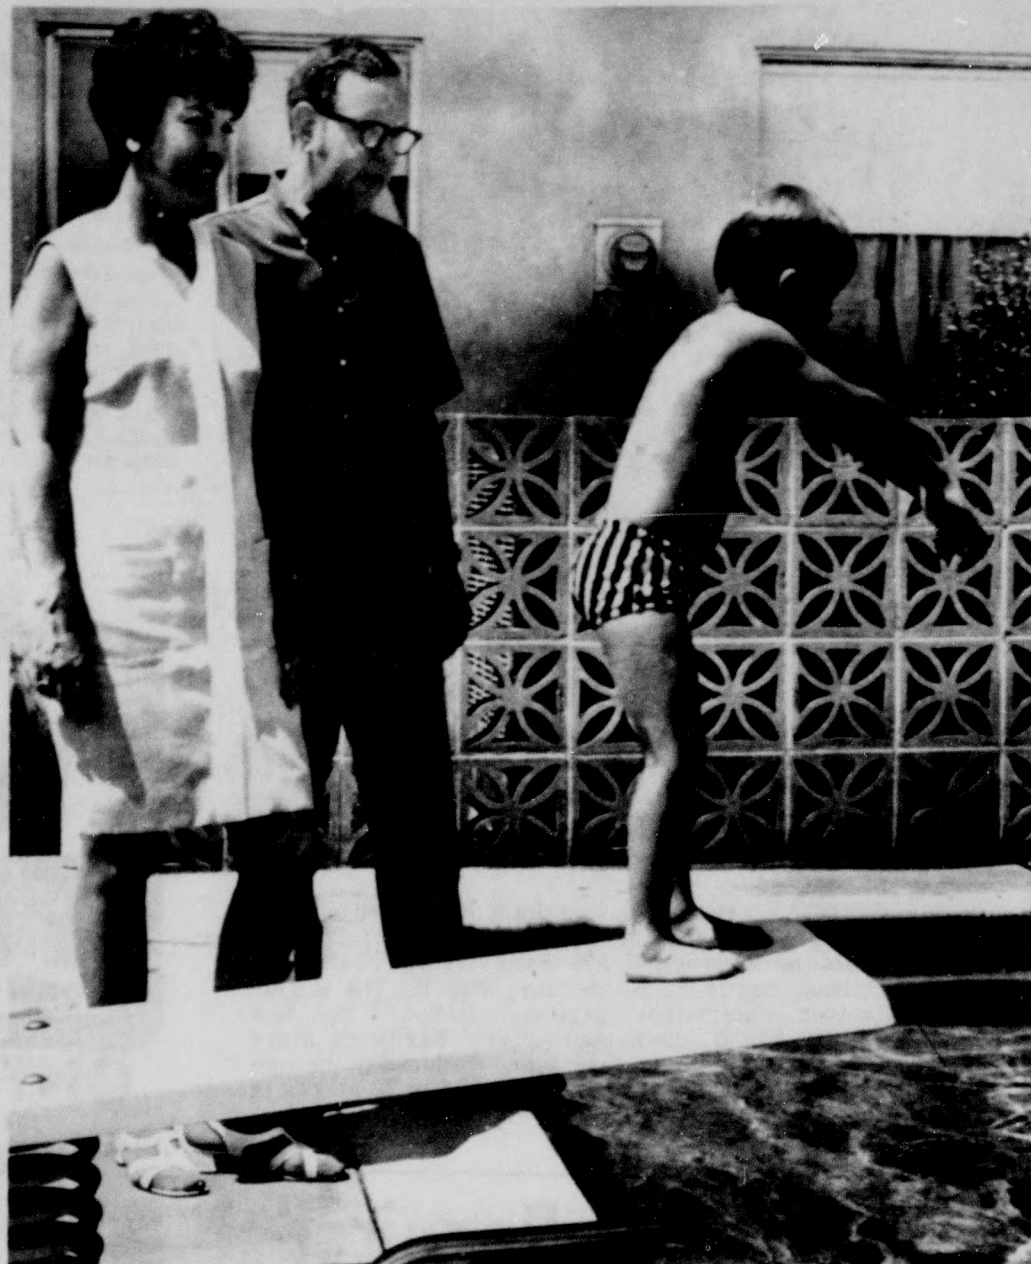

The new law, which appeared on the ballot at the November general election as Proposition 1-A, provided for a 1968 property tax relief payment of \$70 to all qualified homeowners. It also provides for an exemption of \$750 of assessed value for the 1969 year.

Bevis said his office had checked and approved 77,644 claims for the 1968 homeowner's property tax relief payment which totaled \$5,435,080.

"This new legislation created an enormous workload for the assessor's office," Bevis said. "I am pleased that we were able to deliver the claims to the State Controller several days before the deadline."

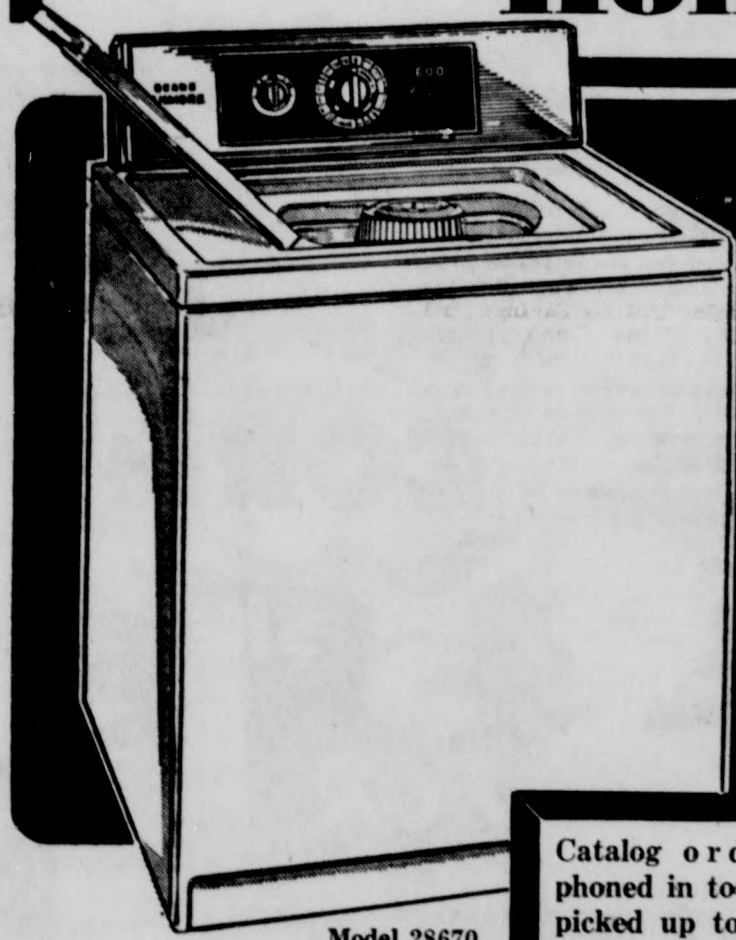

Warrants will be mailed directly to the homeowners from the State Controller's office in Sacramento on or about June 15.

"Anticipating the passage of the bill to grant the extension, the assessor's office is accepting applications for the 1968 relief payment and the 1969 exemption," Bevis said. "To date we have received 337 claims which will be held pending final action by the legislature."

## Carrier Safety Program Causes Violation Decrease

The three year old Motor Carrier Safety program of terminal inspections of trucks and buses has resulted in a 21% decrease in violations, the California Highway Patrol announced this week.

The majority of violations were involved with brake system maintenance. Lighting system deficiencies comprised the second highest type of violation.

Motor Carrier Specialists inspected 1,353 bus terminals and 14,582 truck terminals in 1968, about 64% of the total terminals in California.

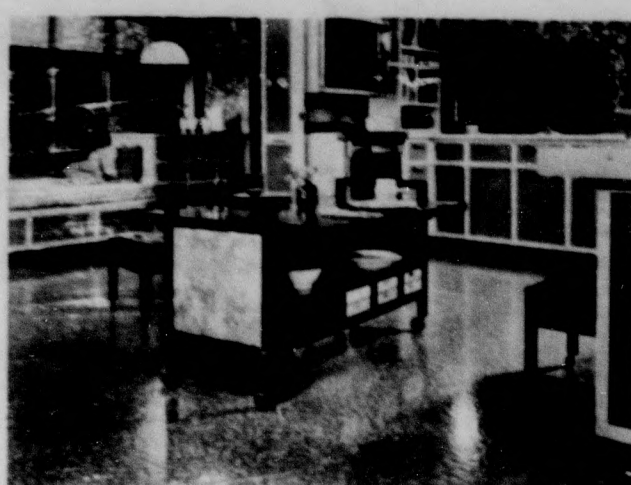

During these terminal inspections, the specialists inspected 3,059 buses and 51,374 trucks, inspecting about two and a half vehicles per hour. Through this random inspection program, in which the vehicles in the

terminal at the time of the inspection are assumed to be typical of the fleet vehicles operating from that terminal, the Highway Patrol seeks to evaluate the maintenance procedures of the terminal operation.

Maintenance records and schedules are also inspected, as well as the drivers' logs.

During these inspections, 98,701 violations were found (compared to 124,958 in 1966, the first full year of the activity) and 2,649 vehicles were ordered out of service until corrections of deficiencies were made. During 1966, vehicles ordered out of service totaled 4,119, and in 1967 the total was 3,206.

About 35% of the vehicles inspected in 1968 were found to be free of violations, and were given stickers indicating compliance.

## Arrest Third Suspect In Upland Drug Ring

UPLAND -- Police here said they arrested another suspect May 16 while tracking down the source of dangerous drugs that have been reaching Upland High School.

Paul A. Morrison, 19, of 910 N. 9th st., Upland, was arrested at his home by Detective Coy Estes and booked on suspicion of selling dangerous drugs.

Estes said a complaint would be filed against Morrison.

Estes said the arrest followed a lengthy investigation and that the source of illegal drugs involved the burglary of two pharmacies; the Prescription Shop pharmacy at 1130 San Bernardino Rd., Upland and the Caves pharmacy at 194 Nemaha st., Pomona, last April 19 and 21. Burglars entered both places through roof vents and knocked holes in the ceilings. Drugs valued at more than \$170 were taken. However, the 5,000 assorted pills retail on the underworld market for more.

Det. Carl Bisgard of Pomona police worked with Estes on the case. The first arrest came in late April when 16-year-old Patrick Flanagan was arrested at Upland High School on suspicion of selling dangerous drugs.

Later, San Bernardino Sheriff's vice squad officers arrested a youth at Mt. Baldy. His statements and fingerprints found at the Pomona pharmacy led to the arrest of Morrison, Estes said. Half of the drugs taken from the Upland burglary were recovered Thursday

along with all of the drugs taken from Pomona. They were dug from the backyard of a youth that lives in Ontario. But the youth has joined the Marines and is presently in the Marine Corps Recruit Depot in San Diego.

The investigation is continuing.
